

Gas Prices to Hit the Starry Heights

Why is this post important to you? It will hit you in the pocket book when the cost of gas jumps to \$5.00+ a gallon. But there is a greater price that is even more dangerous and costly!

In 1823/24, the Jesuit-controlled Vatican commissioned the Rothschild Financial Dynasty to be the "Fiduciary Agents" for the Jesuit-controlled Vatican wealth. A "Fiduciary Agent" is much like a personal 'power of attorney', but with even greater power. The House of Rothschild is responsible for enhancing the Vatican assets kept in Switzerland. The Vatican's assets are stored in underground vaults in the mountains of Switzerland.

The House of Rothschild is tasked with increasing the assets of the Vatican. The House of Rothschild merged the Vatican's wealth with those of the House of Rothschild, to become the dominant financial entity in the world, with assets today of \$350-\$500 Trillion dollars. They along with a number of Jewish banking houses control or directly own 75% of all the world's assets. The Jesuit-controlled Vatican and the House of Rothschild are like Siamese twins joined at the hip. Meyer Amschel Rothschild, who founded the great international banking house of Rothschild which, through its affiliation with the European Central Banks, still dominates the financial policies of practically every country in the world, said: *"Permit me to issue and control the money of a nation, and I care not who makes its laws."*

I've been exposing this now on for more than twenty-five years. They are avowed Satanists as is the Jesuit-Vatican. The Vatican has paid out \$4.5-billion dollars to settle the crimes of their priests and bishops over the past decade for abusing children of Catholic families. Do not ignore this because it will explain why a war is planned against Iran in the coming weeks. Iran is no threat to the USA, but it is a threat to Israel.

If I were a betting person, I would give you 100 to 1 odds of this coming war; that is how positive I am about a coming war against Iran. It is integral to the War of Gog and Magog described in Ezekiel 38/39 of the Bible. The Rothschild's virtually own the State of Israel today. The Vatican owns title to most of Jerusalem and other holy sites in the State of Israel, all thanks to the late President Shimon Perez back in the 1990's. The Vatican even owns you, yes you, as collateral on the National Debt of \$21.4 Trillion through your birth certificate in a way that would shock you to learn.

These people [the Rothschild's] are identified in the Bible as "The Synagogue of Satan", noted in Revelation 2:9 and 3:9. They are not Biblical Jews, the descendants of Abraham, Isaac, and Jacob, but they are who the Rothschild's front and use as targets of world slander and abuse

against the Jewish people. They are known as the Khazars that came out of central Eurasia, centuries ago. The House of Rothschild bought and paid for the Israeli National Supreme Court building, and all are pseudo- or fake- Jews. Their DNA reveals the truth about the Khazars.

Gaining control of the Islamic Republic of Iran's Central Bank is one of the reasons Iran is being targeted by Western and Israeli powers. As tensions are building up for an unthinkable war with Iran, it is worth exploring Iran's banking system compared to its U.S., British and Israeli counterparts.

A war with Iran will result in the two choke-points in the Gulf being shut down and the price of gas at the pump will skyrocket to \$5.00+ a gallon and probably higher. 40% of the world's oil, to Europe and the West, passes between these two choke-points of the Straits of Hormuz, and the Suez Canal, Bab el-Mandab. The loss of even a single oil tanker will send insurance rates skyward and bring things to a screeching halt in a heartbeat! The insurance rate on the typical 2-million gallon oil tanker averages \$50,000 a day, and at critical times in the past has risen to \$90,000 a day.

Iran is one of only three countries left in the world whose central bank is not under Rothschild control. These include **Cuba, Syria, and Iran**. North Korea was the most recent country to surrender to the Rothschild control of money and credit. Russian President Vladimir Putin two years ago threw the Rothschild's out as controller of the Russian Central Bank. The Rothschild's and the Vatican has Russia in their gun sights to destroy Russia. Putin knows exactly what is going on when it comes to the Rothschild's and the Vatican!

Before 9-11 there were reportedly seven countries without a Rothschild-controlled Central Bank: **Afghanistan, Iraq, Sudan, Libya, Cuba, North Korea, and Iran**. By 2003, however, Afghanistan and Iraq were swallowed up by the Rothschild octopus, and by 2011 Sudan and Libya were also gone. In Libya, a Rothschild bank was established in Benghazi while the country was still at war. Hillary Clinton saw to that when she was Secretary of State. Hillary has close ties to the wife of the Rothschild U.S. branch head of the House of Rothschild.

Former NATO commander, U.S. 4**** General Wesley Clark is on public record about the Pentagon plan to take down seven countries in five years. **Iran** was to be the last prize or big one on the Pentagon hit list. You can verify any of this on the Internet as factually true.

Islam forbids the charging of usury, the practice of charging excessive, unreasonably high, and often illegal interest rates on loans, and that is a major problem for the Rothschild banking system. Until a few hundred years ago usury was also forbidden in the Christian world and was even punishable by death. It was considered exploitation and enslavement. This is where the Vatican stepped into the picture, by franchising usury to the Rothschild's, and at the same the time they commissioned the House of Rothschild to be their "Fiduciary Agents". The Vatican pays the House of Rothschild a 6% commission on all financial activities they do for the Vatican.

Since the Rothschild's took over the Bank of England around 1815, they have been expanding their banking control over all the countries of the world. Their method has been to get a country's corrupt politicians to accept massive loans, which they can never repay, and thus go into debt to the Rothschild banking powers. If a leader refuses to accept the loan, he is often times either ousted or assassinated. And if that fails, invasions can follow, and a Rothschild usury-based bank is established. The U.S.A. has been the "hammer" for the Vatican since 1914, following the signing of the Federal Reserve Act. Under a Rothschild central bank, a country can never repay its national debt, its mathematically impossible due to compounding of interest over time.

The Rothschild's exert powerful influence over the world's major news agencies which they own. By repetition, the masses are duped into believing horror stories about evil villains. The Rothschild's control the Bank of England, the Federal Reserve, the European Central Bank, the IMF, the World Bank and the Bank of International Settlements. Also they own most of the gold in the world as well as the London Gold Exchange, which sets the price of gold every day. It is said the family owns over half the wealth of the planet—estimated by Credit Suisse to be \$350-trillion—and is controlled by Evelyn Rothschild, the current head of the family.

The ultimate plan of the Jesuit-Vatican/Rothschild cabal is to transition to a global "cashless" economy, and thus the proverbial "Mark" of the Beast noted in Revelation 13:17 will replace all paper currency. The "Mark" is found in Revelation 13:17; 14:11; 15:2; 16:2; 19:20; and 20:4. And why not, banks acknowledge it costs \$1.10 to process every check you write. That represents \$billions in lost revenue to the greedy Rothschild's.

Objective researchers contend that Iran is not being demonized because they are a nuclear threat, just as the Taliban, Iraq's Saddam Hussein and Libya's Muammar Kaddafi were not a threat. America has squandered \$3-Trillion dollars since the first Gulf War of 1990. This is amplified by the lost lives of "true believers" sacrificed in the name of Patriotism.

What then is the real reason? Is it the \$Trillions to be made in oil profits, or the trillions in war profits? Is it to bankrupt the U.S. economy, or is it to start World War III? Is it to destroy Israel's enemies or to destroy the Iranian central bank so that no one is left to defy the Jesuit-Vatican/Rothschild's money racket? It is all of these!

I am a history major back to my days in college. Two U.S. Presidents were assassinated by the cabal who tried to stop their power of the purse, by creating U.S. backed currency – Abraham Lincoln and John F. Kennedy. Five other U.S. Presidents had attempts on their life but were thwarted by good fortune, luck, or providence. The Federal Reserve Notes in your wallet/purse are not real money; they are a debt-instrument borrowed against the national assets and treasure. The Federal Reserve Note dollar bill created in 1913 valued at \$1.00 in gold is only worth 2-cents at most today as a result of inflation and is no longer backed by gold, silver, or anything of tangible value. The Rothschild stole the real value through taxes and inflation. Think of it this way, we are part of a real-life "Monopoly" game, and the winner takes all, i.e., the Rothschild's and the Jesuit-Vatican!

The sad news in all of this is that Russia, Iran, and a coalition of states will wage the War of Gog and Magog described in Ezekiel 38/39 of the Bible. They will strike Israel but be destroyed by God on the mountains of Israel in such a miraculous way as God will be recognized as the deliverer of Israel. Revelation 9:15 states definitively 1/3rd of the world will perish in a global war, that number 1/3rd equates to 2.5 billion people, around the globe, and that is about the combined population of China, North Korea, Russia, Europe, and the United States.

You may scoff and laugh all you want but it is your life that is at stake. I use the philosopher Pascal's argument - Do you want to gamble against God?

Most of the church has its head in the sand when it comes to Bible prophecy. Most churches today are not about Biblical Truth, and it has been that way since 1900. Most pastors today are ignorant of what the Bible has to say about the End Times. They do not want their people to be disturbed or distracted from their false sense of security and fake reality. Make them feel good, so they will give more in next Sunday's offering, but do not give them the Truth!

People all over the world recognize that perilous times are here. Perilous in Greek (*chalepos*) means crazy, insanity! This is what we have all around the world. The Apostle Paul states in 2nd Timothy 3:1: ***"This know also, that in the last days perilous times shall come."*** We are in the End Times, doubt that not! Strong's Concordance describes "perilous" as harsh, fierce, savage, hard to bear, troublesome, dangerous. The word (*chalepos*) is used only twice in the Bible. The other reference is in Matthew 8:28, in the story about two demonic possessed men in the tombs coming out into the open.

The LGBTQ movement embodies this growing insanity. You are XX or XY at the moment of conception. As a male, I am XY chromosome from conception. Nothing can change that, we are genetically pre-disposed to being either XX (female) or XY (male) at the moment of conception. There are 6,500 genetic factors that are pre-disposed to one or the other of this incredible event we know as conception! But the world is marching down that road of insanity as if it was the Pied Piper of Hamelin taking the rats out of town with the children following merrily behind. Many public schools this fall are using Drag Queens to introduce the LGBTQ agenda in kindergartens around the nation to read their pathetic sic books of their alternative life style. This is the height of "child abuse" and psychological sickness. LGBTQ is simply mental illness. The Handbook of Psychiatry defined this insanity for decades as a "mental illness".

The United Methodist Church is headed in this direction next year and in 2020 at its General Conference. Its leaders last month tried to push a one church plan, by trying to keep two other plans from the table being introduced in its forthcoming voting. The Council of Bishops are so divided that they now argue over three different plans to be presented for denominational voting in 2020. The 12.6-million world-wide member United Methodist Church

is headed for an ugly split, all because it no longer believes the Bible is God's Word. It hasn't believed this for decades.

I am currently writing my next article on Ezekiel 38/39, and you may not be aware of it but Gog of the Bible made his first chess move on August 5th, 2018. Nobody has said anything about it but a few of us are not shutting up and calling it for it really is. I implore you to listen to what is going to occur in the weeks ahead. Maybe \$5.00+ a gallon, or more, for gas will wake you from your sleep!
