

Evil Incarnate!

Part 3

The Rothschild family known as The House of Rothschild, or more simply as the Rothschild's, is as the first two sections reveal more than a European dynasty, of German-Jewish origin (Ashkenazi-Jew), that established European banking and finance houses starting in the late 18th century. They represent the embodiment of "Evil Incarnate". They were able to achieve this goal through the prophets of the Trans-Atlantic Slave Trade. Unless you majored in world history, you do not know the Rothschild's were one of the largest slave traders in the world. The Jewish Rothschild trading companies of Holland and Britain played a major role in the Atlantic Slave Trade

Five lines of the Austrian branch of the family have been elevated to Austrian nobility, being given hereditary baronies of the Habsburg Empire by Emperor Francis II in 1816. Another line, of the British branch of the family, was elevated to British nobility at the request of Queen Victoria.

During the 1800s, when it was at its height, the family is believed to have possessed by far the largest private fortune in the world as well as by far the largest fortune in modern world history. It was estimated that the combined family fortune in 2010 was \$1,850 billion. One's wealth cannot be measured when you control the world's wealth. The family's wealth was divided amongst hundreds of descendants, but control of pooled Rothschild assets remains with a dozen of the most senior members of the family.

The first member of the family who was known to use the name "Rothschild" was Izaak Elchanan Rothschild, who was born in 1577. The name means "Red Shield" in old German. In 1743 a goldsmith named Amschel Moses Bauer opened a coin shop in Frankfurt, Germany. He hung above his door a sign depicting a Roman eagle on a red shield. The shop became known as the Red Shield firm. The German word for 'red shield' is Rothschild. The family's ascent to international prominence began in 1744, with the birth of Mayer Amschel Rothschild in Frankfurt am Main, Germany. He was the son of Amschel Moses Rothschild, (born circa 1710), a money changer who had traded with the Prince of Hesse. Born in the ghetto (called "Judengasse" or Jewish-alley) of Frankfurt, Mayer developed a finance house and spread his empire by installing each of his five sons in the five main European financial centers to conduct business. The Rothschild coat of arms contains a clenched fist with five arrows symbolizing the five dynasties established by the five sons of Mayer Rothschild, in a reference to Psalm 127:4 **"Like arrows in the hands of a warrior"**. The family motto appears below the shield: *Concordia, Integritas, Industria* (Harmony, Integrity, and Industry). The family coat-of-arms crest is shown in Part 1 of this series.

Paul Johnson writes "The Rothschild's are elusive. There is no book about them that is both revealing and accurate. Libraries of nonsense have been written about them... A woman

who planned to write a book entitled Lies about the Rothschild's abandoned it, saying: 'It was relatively easy to spot the lies, but it proved impossible to find out the truth'. Notice the misdirection in this statement. Of course you can find out information about them just follow the money, corruption and greed and you will find their control with the Jesuit Black Pope over the world. He writes that, unlike the court Jews of earlier centuries, who had financed and managed European noble houses, but often lost their wealth through violence or expropriation, the new kind of international bank created by the Rothschild's was impervious to local attacks. Their assets were held in financial instruments, circulating through the world as stocks, bonds and debts. Changes made by the Rothschild's allowed them to insulate their property from local violence: *"Henceforth their real wealth was beyond the reach of the mob, almost beyond the reach of greedy monarchs."* Johnson argued that their fortune was generated to the greatest extent by Nathan Mayer Rothschild in London; however more recent research by Niall Ferguson indicates that greater and equal profits also were realized by the other Rothschild dynasties, including James Mayer de Rothschild in Paris, Carl von Rothschild and Amschel Mayer in Frankfurt.

Another essential part of Mayer Rothschild's strategy for future success was to keep control of their banks in family hands, allowing them to maintain full secrecy about the size of their fortunes. About 1906, the Jewish Encyclopedia noted: *"The practice initiated by the Rothschild's of having several brothers of a firm establish branches in the different financial centers was followed by other Jewish financiers, like the Bischoffsheims, Pereires, Seligmans, Lazards, and others, and these financiers by their integrity and financial skill obtained credit not alone with their Jewish confrères, but with the banking fraternity in general"*. By this means Jewish financiers obtained an increasing share of international finance during the middle and last quarter of the nineteenth century. The head of the whole group was the Rothschild family.

Mayer Rothschild successfully kept the fortune in the family with carefully arranged marriages, often between first or second cousins (similar to Royal intermarriage). By the late 19th century, however, almost all Rothschild's had started to marry outside the family, usually into the aristocracy or other financial dynasties. His sons were:

- Amschel Mayer Rothschild (1773–1855): Frankfurt, died childless, passed to sons of Salomon and Calmann
- Salomon Mayer Rothschild (1774–1855): Vienna
- Nathan Mayer Rothschild (1777–1836): London
- Calmann (Karl/Carl) Mayer Rothschild (1788–1855): Naples
- Jakob Mayer Rothschild (1792–1868): Paris

Meyer Rothschild had five sons, and Meyer spent the rest of his life instructing them all in the secret techniques of money creation and manipulation. As they came of age, he sent them to the major capitals of Europe to open branch offices of the family banking business. Amschel, stayed in Frankfurt, Salomon was sent to Vienna. Nathan was sent to London. Karl went to Naples, and Jakob went to Paris.

Although all the sons became astute branch managers, Nathan exhibited a superior affinity for the banking business. When he got to London, he became a merchant banker and began to cement ties between the House of Rothschild and the Bank of England.

The House of Rothschild continued to buy and sell bullion and rare coins. Through their shrewd business transactions they successfully bought out or dismantled most of the competition in Europe. In 1769, Meyer became a court agent for Prince William IX of Hesse-Kassel, who was the grandson of George II of England, a cousin to George III, a nephew of the King of Denmark, and a brother-in-law to the King of Sweden. Before long, the House of Rothschild became the go between for big Frankfurt bankers like the Bethmann Brothers, and Rueppell & Harnier.

Just like the Jesuits the Rothschild's uses their wealth to play both (controlled opposition) sides of the coin in war and any conflicted world-wide making huge profits to increase the family wealth. In 1785, Meyer moved his entire family to a five story dwelling he shared with the Schiff family. In 1865 The Schiff's' not-yet-born grandson Jacob would move to New York and in 1917 became the mastermind behind the funding of the Bolshevik Revolution. This action would successfully establish communism as a major world movement, which was, (and still is), a basic tenet of the Illuminati and their collectivist agenda, but more Jacob Schiff and the Illuminati agenda later. From this point on the Rothschild's and the Schiff's would play a central role in the rest of European financial history, and subsequently that of the United States and the world.

Meyer Rothschild began to realize that in order to attain the power necessary to influence and control the finances of the various monarchs in Europe, he would have to wrest this influence and power from the church, which would necessitate its destruction. To accomplish this, he enlisted the help of a Catholic priest, Adam Weishaupt, to assemble a secret Satanic order.

Adam Weishaupt was born February 6, 1748 at Ingoldstadt, Bavaria. Weishaupt, born a Jew, was educated by the Jesuits who converted him to Catholicism. He purportedly developed an intense hatred for the Jesuits. This was only misdirection on his part. Like a true Jesuit misdirection is key for control of the people. Although he became a Catholic priest, his faith had been shaken by the Jesuits and he became an atheist. Weishaupt was an ardent student of French philosopher Voltaire (1694-1778). Voltaire, a revolutionary who held liberal religious views, had written in a letter to King Frederick II, ("the Great"):

"Lastly, when the whole body of the Church should be sufficiently weakened and infidelity strong enough, the final blow (is) to be dealt by the sword of open, relentless persecution. A reign of terror (is) to be spread over the whole earth, and...continue while any Christian should be found obstinate enough to adhere to Christianity."

It is believed that, as a result of Voltaire's writings, Weishaupt formulated his ideas concerning the destruction of the Church. In 1775, when summoned by the House of

Rothschild, he immediately defected and, at the behest of Meyer, began to organize the Illuminati. The 1st chapter of the order started in his home town of Ingolstadt, Bavaria.

As the name implies, those individuals who are members of the Illuminati possess the '*Light of Lucifer*'. As far as they are concerned, only members of the human race who possess the '*Light of Lucifer*' are truly enlightened and capable of governing. Denouncing God, Weishaupt and his followers considered themselves to be the cream of the intelligentsia - the only people with the mental capacity, the knowledge, the insight and understanding necessary to govern the world and bring it peace. Their avowed purpose and goal was the establishment of a "Novus Ordo Seclorum" – "A Secular New Order".

Through the network of the Illuminati membership, Meyer Rothschild's efforts were redoubled and his banking empire became firmly entrenched throughout Europe. His sons, who were made Barons of the Austrian Empire, continued to build on what their father had started and expand his financial influence.

Weishaupt soon infiltrated the Continental Order of Freemasons with this Illuminati doctrine and establishes lodges of the "Grand Orient" to be their secret headquarters. This was all under the orders and finance of Mayer Amschel Rothschild and the concept has spread and is followed within Masonic Lodges worldwide to the present day. The "Grand Orient" Lodges of Freemasonry is where the power of the Illuminati presides, whereas most Masonic Lodges are uninvolved with the New World Order or "Novus Ordo Seclorum". Each U.S. State has a "Grand Orient" Lodge, plus the head lodge in Washington, D.C.

Weishaupt also recruits 2,000 paid followers including the most intelligent men in the field of arts and letters, education, science, finance, and industry. They were instructed to follow the following methods in order to control people.

- 1) Use monetary and sex bribery to obtain control of men already in high places, in the various levels of all governments and other fields of endeavor. Once influential persons had fallen for the lies, deceptions, and temptations of the Illuminati they were to be held in bondage by application of political and other forms of blackmail, threats of financial ruin, public exposure, and fiscal harm, even death to themselves and loved members of their families.

- 2) The faculties of colleges and universities were to cultivate students possessing exceptional mental ability belonging to well-bred families with international leanings, and recommend them for special training in internationalism, or rather the notion that only a one-world government can put an end to recurring wars and strife. Such training was to be provided by granting scholarships to those selected by the Illuminati. One of those scholarship programs for recruitment was the Fulbright Fellowship, and one of the Fulbright Fellowship was none other than William Jefferson Clinton. J. William Fullbright was the senator of Arkansas, resigning in December, 1974, having served the longest in the U.S. Senate as Chairman of the Foreign Service. 24 scholars are selected yearly and receive a scholarship of \$34,000 to pay for their

graduate program, usually at schools in the UK and Europe. Clinton attended Oxford University in the UK, however, never completed his doctoral program. He was recruited by the CIA and went to Russia instead.

3) All influential people trapped into coming under the control of the Illuminati, plus the students who had been specially educated and trained, were to be used as agents and placed behind the scenes of all governments as experts and specialists. This was so they would advise the top executives to adopt policies which would in the long-run serve the secret plans of the Illuminati one-world conspiracy and bring about the destruction of the governments and religions they were elected or appointed to serve.

4) To obtain absolute-control of the press, at that time the only mass-communications media which distributed information to the public, so that all news and information could be slanted in order to make the masses believe that a one-world government is the only solution to our many and varied problems.

In 1816, four of the brothers were each elevated to the hereditary nobility by Austrian Emperor Francis I; moreover, a fifth brother, Nathan, was elevated in 1818. All of them were granted the Austrian title of baron or Freiherr on September 29, 1822. As such, some members of the family used "de" or "von" Rothschild to acknowledge the grant of nobility. Barons (Knights) who received their title from the Holy Roman Emperor are known as Barons of the Holy Roman Empire, Reichsfreiherr, although the title is sometimes shortened to Freiherr.

In 1847, Sir Anthony de Rothschild was made a hereditary baronet of the United Kingdom. In 1885, Nathan Mayer Rothschild II (1840–1915) of the London branch of the family, was granted the hereditary peerage title Baron Rothschild in the Peerage of the United Kingdom.

The Frankfurt terminus of the Taunus railroad, financed by the Rothschild's, opened in 1840, it was one of Germany's first railroads Rothschild family banking businesses pioneered international high finance during the industrialization of Europe and was instrumental in supporting railway systems across the world and in complex government financing for projects such as the Suez Canal. During the 19th century, the family bought up a large proportion of the property in Mayfair, London.

Major 19th century businesses founded with Rothschild family capital include:

- Alliance Assurance (1824) (now Royal & Sun Alliance);
- Chemin de Fer du Nord (1845)
- The Rio Tinto mining company (1873) (From the 1880s onwards, the Rothschild's had full control of Rio Tinto)
- Eramet (1880)
- Imerys (1880)
- De Beers (1888)

The family funded Cecil Rhodes in the creation of the African colony of Rhodesia. From the late 1880s onwards, the family took over control of the Rio Tinto mining company. Cecil Rhodes is known for the “Roundtable”, political NGO’s or non-governmental organizations to manipulate the planned global agenda on a “mono-government” system for the “Illuminati”.

The Japanese government approached the London and Paris families for funding during the Russo-Japanese War. The London consortium's issue of Japanese war bonds would total £11.5 million (at 1907 currency rates; £902 million in 2012 currency terms).

The name of Rothschild became synonymous with extravagance and great wealth, and the family was renowned for its art collecting, for its palaces, as well as for its philanthropy. By the end of the century, the family owned, or had built, at the lowest estimates, over 41 palaces, of a scale and luxury perhaps unparalleled even by the richest royal families. The soon to be British Prime Minister Lloyd George claimed, in 1909, that Lord Nathan Rothschild was the most powerful man in Britain.

In 1901, with no male heir, the Frankfurt House closed its doors after more than a century in business. It was not until 1989 that the family returned, when N M Rothschild & Sons, the British investment arm, plus Bank Rothschild AG, the Swiss branch, set up a representative banking office in Frankfurt.

In doing a bit of recap here, it should be noted the era of the 19th century was known as the Age of the Enlightenment, European society and culture was breaking away from the power of the institutional Church, predominantly the Roman Catholic Church. One of the consequences today in the Roman Catholic Church corruption has its roots in this period. **Sodomy became a rite of passage in the Jesuit-Vatican, Freemasonry, and Satan worship as well.**

Sodomy is a rite of passage in the higher degrees of Freemasonry and the Jesuit-controlled Roman Catholic Institution as well. These evil acts are filmed, and used as a means of control, through blackmail and bribery, to achieve the Illuminati agenda. Doubters and skeptics need to be made aware of the “**Secret Doctrine**” of the church. This is identical to the “**Royal Secret**” of Freemasonry. **“The Mason’s path to eternal life is the sexual violation of little children”**. This is all revealed in chapter 47 of the book **‘Codeword Barbelon’** by P.D. Stuart. The chapter is titled “Kingdom of God or Masterpiece of Satan? – The Secret Doctrine”. Obtaining this book is not easy requiring some effort, as it took me more than three months to acquire my copy. If one intends to understand the root of pedophilia and the depth of sexual molestation of children in the Roman Catholic Church, **‘Codeword Babelon’** is essential reading.

As recent as August 17, 2018, an article appeared on the Internet, **“The Devil Resides in the Vatican”**, by Michael J. Knowles:

“Before his death in 2016, the Vatican’s chief exorcist for over a quarter century, Father Gabriele Amorth, observed, *“The Devil resides in the Vatican, and you can see the consequences.”* We are seeing the consequences now from Pennsylvania and Washington, D.C. all the way up to the College of Cardinals. Fr. Amorth described *“cardinals who do not believe in Jesus and bishops who are linked to the demon.”* The Pennsylvania grand jury report relates one instance of ritualized, satanic abuse of a young boy by four priests. There is some ambiguity regarding the precise nature of the incident owing to page-long redactions in the report. Another priest rinsed out the mouth of a nine-year-old boy he had sodomized with holy water. Yet another priest sodomized yet another boy with a seven-inch-long crucifix.

Fortunately most of the 301 priests listed in the Pennsylvania Grand Jury report are now dead, and many have been dead for decades. If so horrific and widespread a crime can be said to have a silver lining, it is that the vast majority of sexual assaults took place decades ago, during the 1960s, ‘70s, and ‘80s. Their incidence seems to have waned substantially in recent decades, which complicates justice in its own way: because so much time has passed, statutes of limitations will protect most abusive clerics still alive from prosecution.

On what can we blame the abuse? Some will blame priestly celibacy, or else the prevalence of homosexuality among the clergy. But the social scientific data, including a five-year study by John Jay College of Criminal Justice at the City University of New York, show no link between either celibacy or same-sex attraction and child abuse. Further, these studies show that sexual abuse of children is no more prevalent among priests than among the general male population.

Is there something wrong with the Catholic faith itself? According to findings of the National Center for Missing and Exploited Children, child abuse is no more prevalent in the Catholic Church than in any other religious setting. Companies that insure various Christian denominations affirm those findings. One executive explains, *“We don't see vast difference in the incidence rate between one denomination and another. It's pretty even across the denominations.”* In fact, sexual abuse appears to be far more prevalent outside of churches and synagogues. One study prepared for the U.S. Department of Education found that *“the physical sexual abuse of students in schools is likely more than 100 times the abuse by priests.”*

Of course we expect greater moral character from our priests than we do from schoolteachers and the general male population. Further, the incidents outlined in the Pennsylvania grand jury report seem so particularly wicked: the scheming, the grooming, the perversion, and the hypocrisy— above all, the eerily spiritual character of the abuse, the ritualized sexual sacrilege, and the *“spiritual wickedness in high places.”* It isn't merely the acts themselves that horrify but also the evil that prompted and sustained them.

Last year, an American couple, Jay Austin and Lauren Geoghegan, quit their jobs to ride their bicycles around Europe, North Africa, and the Middle East. During their journey, Austin declared on his blog, *“Evil is a make-believe concept we've invented to deal with the complexities of fellow humans holding values and beliefs and perspectives different than our*

own.” Last month, Muslim terrorists murdered the couple as they bicycled through Tajikistan, ramming them with their sedan and stabbing them until they died.

Evil is not a make-believe concept. Neither is it mere metaphor for disordered sexual desires or feckless bureaucratic management. Evil exists, and it has a personality. Secular, self-styled sophisticates often deny the existence of the Devil. But as the late Antonin Scalia reminded a flippant *‘New York Magazine’* interviewer in 2013, *“Most of mankind has believed in the Devil, for all of history. Many more intelligent people than you or me have believed in the Devil.”* The particular evil of the present moment is a call to arms against the Devil, not the Church. Of course the Devil resides in the Vatican. Where else should he concentrate his efforts? The Devil exists. He is a murderer and a liar, and he is crouching at your door. Any reform that denies that reality will not only fail but will let evil fester.”

Keep in mind, the Roman Catholic institution went to great lengths to “deep-six” the truth about the death of Supreme Court Justice Antonin Scalia. He was murdered by a 13 year old “rent boy” i.e., male prostitute. The story first appeared on ‘Veterans Today’ web site, only to be taken down within eight hours, and remained hidden for nearly a year before re-appearing on another site. Justice Scalia oversaw court cases involving pedophilia and sex crimes, making sure the cases were heard by sympathetic judges. There are Supreme Court Justices that want pedophilia legalized, and even Justice Ginsburg is on record in favor of lowering the age of consensual sex to 12. The late Justice Scalia was a member of Opus Dei and perceived as an esteemed Roman Catholic, father of eight, and a paragon of virtue and purity, or at least this was the view the Roman Catholic Church painted him to be. Since the original report was posted by Gordon Duff of VT, a number of stories have circulated as dis-information from the larger story of this Luciferian Supreme Court Justice Antonin Scalia.

Another casualty of the recent Pennsylvania Attorney General’s investigation is that of Washington, D.C. Cardinal Wuerl. Cardinal Wuerl’s name on the sign in front of North Catholic High School, in Cranberry Township north of Pittsburgh, PA was spray-painted with red paint covering over Cardinal Wuerl’s name. Cardinal Donald Wuerl’s name will be removed from North Catholic High School after calls for the name change following the release of the grand jury report on priest sexual abuse.

“The board of directors of Cardinal Wuerl North Catholic High School and the board of Catholic High Schools of the Diocese of Pittsburgh, Inc. (CHSDOP) has accepted the request of Cardinal Donald Wuerl to remove his name from the high school. Bishop David Zubik has accepted these recommendations and is announcing today the school name is now - North Catholic High School,” a news release from the Diocese of Pittsburgh said.

Cardinal Wuerl head of the Washington, D.C. Diocese is a well-known face frequenting the gay bars and gay clubs in the Metro-D.C. area. Cardinal Wuerl was high-up on the short list for pope around the time of Pope Francis’ election. Cardinal Wuerl was to be a key-note

speaker at the recent “Celebration of the Family” gathering in Ireland this month, (August, 2018), but after it came out while he was Bishop of the Pittsburgh Diocese during the time of no fewer than 18 of his priests were sexual predators, and he covered-up the facts, keeping a secret “Bishop’s File” to which he alone possessed the key to the “Bishop’s File”. He withdrew his name as a speaker a few days after the release of the PA Attorney General’s thousand-page Grand Jury report.

The Pennsylvania Attorney General’s report claims that at least 99 priests in the Pittsburgh Diocese were involved in the pedophile ring — nine of whom were not named — and they received help from local officials who refused to explore investigations into the abuse because it was considered “bad publicity” for the Catholic Church.

The priests are accused of working together in a predatory ring that was ongoing for years in which they “manufactured child pornography, shared intelligence on victims and gave large gold crosses to certain boys to mark them as already being ‘groomed,’ for abuse,” according to a report from ‘*Penn Live*’.

The accusations have been around for decades, and one of the earliest reports dates back to 1964 when a child attempted to report the horrific abuse he endured at the hands of a priest in his church, and former Beaver County District Attorney Robert Masters shut down the investigation and insisted that the church needed to handle it from within. From personal knowledge, I can tell you it goes back to 1950, and perhaps earlier.

The church did handle it — by simply sending the accused pedophile, Father Ernest Paone, to a different diocese where he continued in his career and was later given direct access to young boys again.

The accusations from 1964 were not the first time Paone had been called out either, and the report from ‘*Penn Live*’ claimed that *“church officials had extensive knowledge of Paone’s sexual conduct with children as early as 1962 and questions about his ‘emotional and physical health’ as early as the 1950s when he was in seminary.”*

The latest grand jury report looks at six of the eight Catholic dioceses in the state of Pennsylvania, and it accuses more than 300 priests of engaging in sexually abusing children. That number does not even begin to cover the hundreds of other priests and church leaders who helped to cover up the abuse, in the name of “protecting” the Catholic Church’s image.

The report lists more than 1,000 victims, which is a low estimate, as there are likely thousands of victims whose pleas for help were never heard or were blatantly ignored by people in power.

As the New York Times noted, the horrific abuse carried out by the priests was shown in a number of forms that affected both young boys and girls:

“The report, which covered six of the state’s eight Catholic dioceses and found more than 1,000 identifiable victims, is the broadest examination yet by a government agency in the United States of child sexual abuse in the Catholic Church. The report said there are likely thousands more victims whose records were lost or who were too afraid to come forward.

“It catalogs horrific instances of abuse: a priest who raped a young girl in the hospital after she had her tonsils out; a victim tied up and whipped with leather straps by a priest; and another priest who was allowed to stay in ministry after impregnating a young girl and arranging for her to have an abortion.”

While the Catholic Church has since attempted to claim that the cases were isolated incidents, the report from *‘Penn Live’* revealed that as many as 100 priests in Pittsburgh worked together and helped each other prey on young children. Early accusations of the pedophile ring occurred in the 1970s when a boy claimed he was introduced to a group of priests who told him to remove his clothes so that they could take photos of him and add those to their collection.

In addition to manufacturing child pornography, the priests have also been accused of using signals to show one another which boys had already been victims of sexual abuse and would be easy targets. The report claimed that they did this by gifting the victims with special gold cross necklaces.

The details of abuse are horrific but as uncomfortable as it makes many members of the public when they hear about the rampant abuse that has been ongoing for decades, it was that much worse for the helpless victims who had their innocence stripped from them and were ridiculed by their elders if they attempted to seek out help.

The CIA MKULTRA Mind Control program that required torturing children into multiple personalities was alive, well and under control of Jesuit Priests at Joseph’s Abbey in Spencer Massachusetts according to ex-nun Sister Keri Burnor.

Burnor was recently interviewed by President Trump. She supported his fight against child trafficking, feeling that her years as a Catholic Nun gave her insights into the CIA, Jesuits and Catholic Church’s rampant pattern of sexual abuse that had an ultimate goal of subjugating all people. Burnor felt that this Vatican sponsored child trafficking and sexual abuse of children had been going on throughout history and continued unabated today.

Even more disconcerting was that Congress had been aware since at least 1964 Congressional Hearings on human experimentation, that this child exploitation was engrained in the CIA’s Mind Control program.

It is hard for people to comprehend the true nature of the Roman Catholic Institution, the deep Satanic roots that infiltrated the church back in the post-Reformation era, and especially since Vatican II of the 1960’s. Truth is often rejected when first revealed, as people go through the process of facing bad news disturbing their world view. Clearly, the secret

societies are all part of this cabal, where the **“Secret Doctrine”** is a rite of passage. One would have to be naïve to believe anything to the contrary when it comes to this reality of Satan and his worship by the groups and organizations that have been mentioned in this series. There is no crime more psychologically damaging to a child than pedophilia, and when it is rooted in the religious community, it can only be sanctioned by “Evil Incarnate” agents. Any nation that chooses to label “abortion” as “women’s rights” is simply under Luciferian influence. Paganism and Planned Parenthood are nothing more than legalized murder and sacrifice to Moloch.

Moloch, whose name probably derived from Melech "king" and Bosheth, "shame", was one of the deities worshipped by the idolatrous Israelites. He was referred to as "the abomination of the children of Ammon" -(1st Kings 11:7) and the primary means of worshipping him appears to be child sacrifice or *"to pass through the fire."* Solomon was said to have built a temple to him. Sacrificing children was not uncommon, but the practice died down around the time of Jeremiah when the King defiled Tophet, the place where Moloch was worshipped. ***“For the sons of Judah have done that which is evil in My sight," declares the LORD, "they have set their detestable things in the house which is called by My name, to defile it. They have built the high places of Topheth, which is in the valley of the son of Hinnom, to burn their sons and their daughters in the fire, which I did not command, and it did not come into My mind. Therefore, behold, days are coming," declares the LORD, "when it will no longer be called Topheth, or the valley of the son of Hinnom, but the valley of the Slaughter; for they will bury in Topheth because there is no other place."*** -(Jeremiah 7: 30-32).

The Church for centuries received a free pass by the justice system, choosing not to investigate, but rather left the Church to police its own turf, believing such incidents were rare, and avoid exposing any negative press for the Catholic Church. We have only seen the tip of the proverbial iceberg. Since the Pennsylvania Attorney General report came out, victim’s support group agencies have received record calls and contacts with abuse victims coming forth since the investigation received global recognition.

I want to return back to the issues that have so impacted our society today as a result of “Evil Incarnate”. The Rothschild financial dynasty has been influential in your bank savings. Before you rush to your bank to pull out your money, every bank account holder needs to realize that according to our court system, once you deposit money into a bank, the banks now own your money. Basically, no interest is paid on hard earned cash that you put in the bank. Also, due to inflation, the longer you keep your money in the bank the less it will be worth.

Further, the laws for withdrawing what used to be your money from the bank, protect the banks and make it nearly impossible to get your money out of the bank and if you do it wrong, you could go to prison for a very long time. The Rothschild global central banks force savers to invest their money in the casino (stock market) in order minimize their value loss to inflation. As such, it has given a false impression the stock market is doing fabulous and that things are just peachy!

Contrary to all the hype Rush Limbaugh paints regarding President Donald Trump, what we are seeing is a ruse, an illusion, a mis-representation of reality. The evidence to the contrary suggests Trump is not his own man, despite what Rush or any Rush-supporter says. In fact, some of the photos that follow paint a different image of the 45th president of the USA.

Needless to say, it has been a long time since the word “Assassination” had been a serious threat for a U.S. President. And there is good reason. Every single U.S. President since John F. Kennedy has done exactly as the Rothschild Power Elite has wanted them to do. Except for John F. Kennedy. Then, we experienced what the elite did to him.

No President since Kennedy has threatened to abolish the Federal Reserve. No modern day Puppet, I mean, President has threatened to take down the CIA. Every time the International Bankers wanted a war to line their pockets regardless of what kind of suffering it causes, they always got what they wanted.

In the words of FDR, *“In politics, if it happens, you can bet it was planned that way.”* That’s right, there are no “lone nuts” that masterfully engineer assassinations and then clumsily leave evidence in plain sight that points directly back at them...Lee Harvey Oswald, James Earl Ray, and Sirhan – Sirhan...and on and on.

Some suggested years ago that Donald Trump would win the 2016 election, and they go so far as to say it was determined by the Illuminati. The following information alludes to this prediction.

There is no doubt in my mind that Donald Trump is part of the Illuminati, as is Hillary Clinton. He gives (not so secret) “secret” hand signs to this fact often in public: Keep in mind, Dick Gregory says that each time Trump wears a red tie or blue tie, that he is a different person. What that means to me, is he *“stands for something else.”* Depending on what tie he wears, but! It may signify more than that!! Let’s take a look at what that might mean!

This picture above is as common as German Prime Minister Angela Merkel flashing the same hand sign. They appear so innocuous, and he has been using them for a very long time now, as the picture shows on the next page. I found enough similar pictures of Donald J. Trump posing with the same hand sign that I could wallpaper my small office at home.

Jay Leno retired in 2014 if my memory is correct?

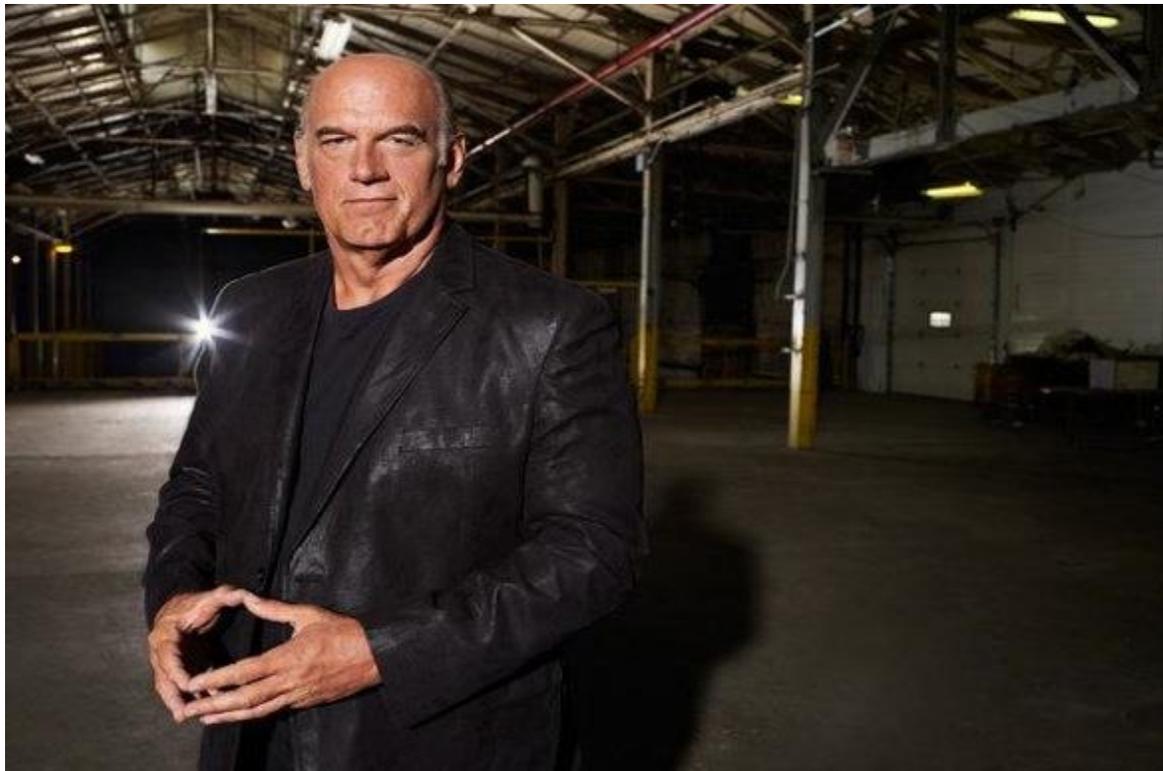

Here is another Mr. 666 with the Mark of The Beast hand signal. This does not mean "I love you" as Masons deceptively try to hide the truth!

Hopefully you can see, Donald Trump and Alex Jones are in the same game: ALEX JONES IS NOT ON OUR SIDE!!! HE'S ILLUMINATI!

By the way, Jesse Ventura is flashing the not so subtle Masonic/Illuminati hand sign as well. Complete with the Satanic “angel of light” appearing over his right shoulder. That is NOT an accident!

How else do we know Ventura is an imposter and is also part of the Illuminati? Look at the Masonic “Double Eagle” symbol below with the “Order Out Of Chaos” theme with the Illuminati “33”.

Now let's look at the back of Ventura's jacket at a wrestling match with the same Masonic Double Eagle. He's just another Illuminati sellout who is actually controlled opposition just like his buddy Alex Jones.

By the way any surprise Donald Trump was a participant in that same wrestling event? They are all actors carrying out a script, in politics just like wrestling, it is all theater show to entertain and control their audience.

Both Trump supporter and false whistle blower Alex Jones are playing “good cop” “bad cop”. They are both on the same side, but Jones is actually telling the truth about the Power Elite. WHY? TO GET YOU TO FOLLOW HIM FOR THE PEOPLE WHO “GET IT”.

Here is Jones again telling us who he is with the Baphomet sign:

And again:

Here's Hillary flashing the Baphomet sign:

And Bill Clinton doing the **666**:

That's right, ultimately, they are on the same side and are controlled by the Power Elite which includes the Rothschild dynasty, who control about half the world's wealth. While Trump is rich, he's hardly in that category.

So what would Donald Trump have to do to lose favor with the Power Elite? Well, from the looks of things, it appears that the Globalists chose Donald Trump to be the Republican nomination and for Hillary Clinton to be the Democratic candidate. Hillary Clinton was most likely suffering from a brain injury stemming from a blood clot which causes seizures and bizarre behavior (Below).

Even though Hillary Clinton is a Grande Dame in the Illuminati, they still aren't going to let a women rise to being President. However, the Power Elite are known for sacrificing their own at times if it furthers their agenda. IF and I mean "IF" they allowed her to reach the Presidency, you can bet somewhere along the line they would have her snuffed out. It's important to watch who both parties pick for their running mate because it's very possible that is the person the Illuminati really want in power. In any case, watch for an Illuminati "blood sacrifice" surrounding this election which just may include Donald Trump or Hillary Clinton.

The fact that Hillary Clinton is not wearing an orange-colored jump suit is proof-positive that the Rothschild elite are in control. Greg Jarrett recently wrote a well-documented book, *'The Russia Hoax: The Illicit Scheme to Clear Hillary Clinton and Frame Donald Trump'*. Gregg Jarrett is a legal analyst for Fox News Channel and appears frequently on "Hannity." He was an anchor at Fox for 15 years and previously anchored on MSNBC for 4 years. During his 8 years as

an anchor on COURT TV, Jarrett covered numerous major trials involving O.J. Simpson, the Menendez brothers, William Kennedy Smith, Jeffrey Dahmer, Rodney King, and Marv Albert. He also hosted a nationally broadcast TV show called "Inside America's Courts" and penned a syndicated legal column distributed nationally. Jarrett was born and raised in Los Angeles and was a trial lawyer for several years in San Francisco. He has taught law as an adjunct professor at New York Law School and lectured at various law schools.

We know from many legal sources, Hillary Clinton could be indicted, tried, and convicted on no fewer than 21 indictable crimes. The day President Trump sees her put away behind bars, we just might believe Donald J. Trump is for real, but I am not holding my breath. In the meantime, do not expect her indictment any time soon!

But that said, the much more likely candidate for an assassination is Donald Trump. Here's why. The Globalists "loved" Barack Obama. They brought him up from the ranks and installed him as President for two terms. He hasn't rocked the boat and as done exactly what the Power Elite want him to do and that is to continue to erode our Constitution, specifically the 2nd and 4th amendments.

The only other possibility for the Globalists to want Trump dead is if they put him in office and he starts to go against their wishes. Remember, Trump does have an ego and even though he doesn't have trillions of dollars at his disposal like his handlers do, he has enough to where his ego might think can reasonably keep him safe if someone were to try and take him out.

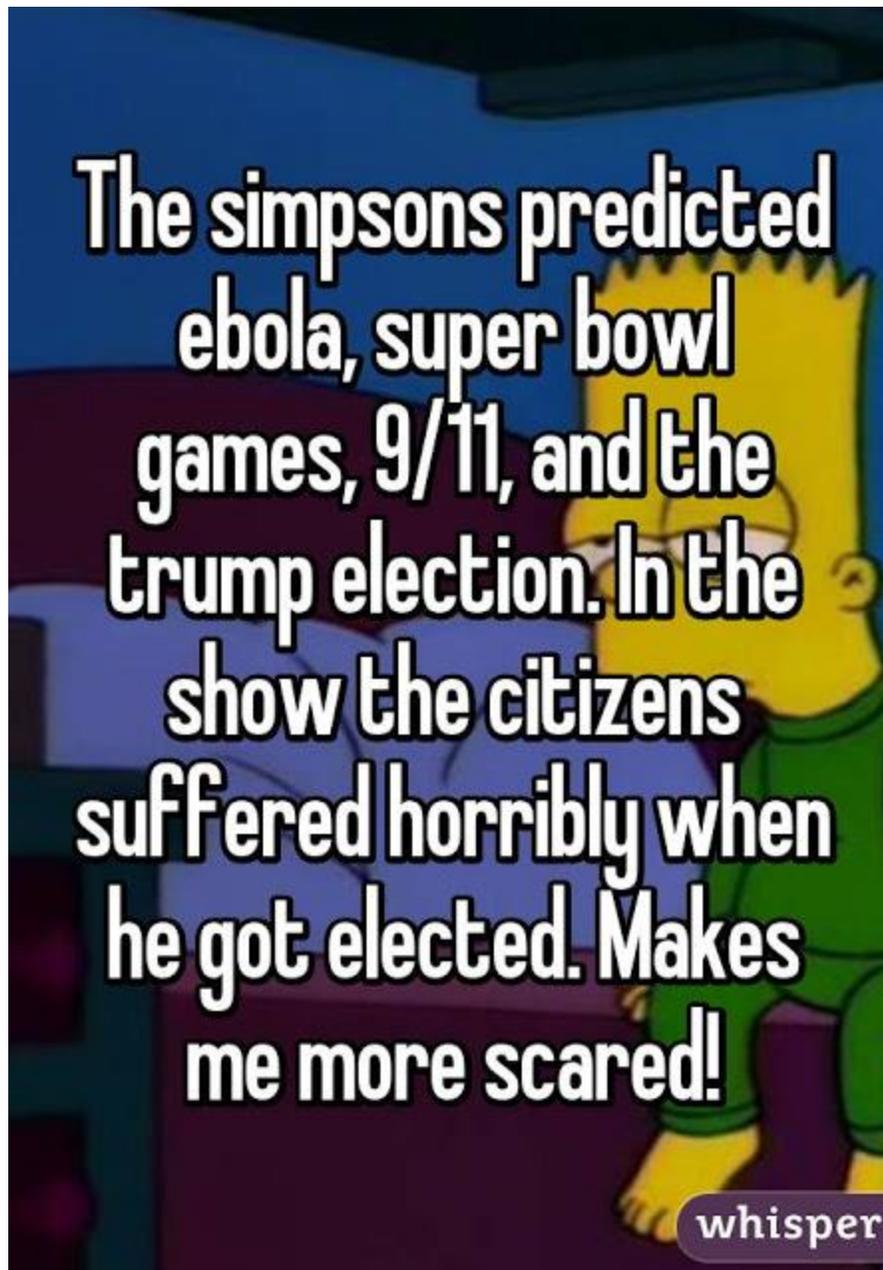

Who are the Simpsons and why are they important? The Simpsons comes from the term "Sons of Sem" or "Sons of Semites" or Sems-Sons. While Shem and his sons are of biblical antiquity, the Semite is of much more recent origin, dating from 18th-century Europe. The notion that some languages may be related to other languages was by no means new. Already in ancient times Jewish scholars were aware of the kinship between Hebrew and Aramaic; in medieval times they were able to perceive and even make use of the similarities between Hebrew and Arabic in their studies of grammar and lexicography. But it was not until the development of comparative philology in 18th-century Europe that the notion of families of cognate languages emerged and developed. So the Semites had languages that related to "other" languages. For the "Simpsons" cartoon, that means "hidden" languages relating to "known" languages. Let's look into that. —

The Simpson's to most are a wacky cartoon of a dysfunctional family. But are they really just a cartoon, or does the series mask another agenda. Over the years, the Simpson family of characters has been purveyors of a more sinister message. In the Illuminati, there is a bizarre "code of conduct" that they have to broadcast "in your face" their plans.

There is a You Tube on the Internet titled “23 Hidden Messages in the Simpsons”. U.S. President George Bush once blamed the Simpsons for society’s problems, claiming that American families should be less like The Simpsons and more like The Walton’s.

One reason Trump was elected is the predictive programming we have seen time after time in the Illuminati controlled cartoon, “The Simpsons,” as well other popular programming. It’s NOT the only one, but it is a clear narrative of what is to come! Don’t for a minute think this is just a “children’s cartoon.” This is one way the Globalists are telling you they have control of all your entertainment and are giving you clues and conditioning you. If you disagree, then read on.

We have seen the same prediction of the events of 9/11 in advance, this one aired in 1997. (BELOW)

We had another one predict the death (or really murder in an elevator) of Prince in 2008.

And in 2000 we had the prediction that Donald Trump would win the Presidency.

March 19, 2000 an episode of the Simpsons [S11-E17] "Bart to the Future" predicted that Donald Trump will be a president. Actually 16 years ago this Donald Trump is elected to be the president of all Americans. (Simple chance or something more sinister?).

One of the most popular images that I noticed watching the Simpson’s over the years was their frequent insertions of the Illuminati “All-Seeing-Eye” pyramid. I was never a fan of the cartoon but my wife’s uncle watched the cartoon religiously. The Simpsons have shown impressive ability to predict the future, we have witnessed horrifying events that have come true and that without doubt have passed into history, as in the case of the fall of the twin towers , The emergence of Ebola, video calls, the triumph of Donald Trump as President of the United States and this, just to mention a few, however, recently The Simpsons have brought to light a new prediction that could undoubtedly mark the world and is the death of the current president. But according to the less than honest fact checker site ‘Snopes’ *There are several problems with this claim. “First, the above-displayed image was not taken from an episode of The Simpsons (nor did it appear in an article by The Huffington Post promulgating this rumor, as the watermark suggests). According to a Spanish-language video from Badabun, which had more than 1 million views at the time of this writing and was largely responsible for spreading this rumor, the image first appeared in a thread on a 4chan.org forum.*

And they were nearly perfect with the electoral college map back in 2000:

Let's take a quick look at other "predictions" that came true from "The Simpsons".

THE ILLUMINATI CARD GAME is another way the Illuminati is able to predict future events.

Now, let's take a look at the Illuminati card game that predicted the destruction of the Twin Towers and the Pentagon back in 1995 and what they predict is in store for Trump.:

The first card you will see is entitled "Terrorist Nuke" As you can see, it clearly outlines an attack on the world trade center. It also shows an explosion exactly where the second tower was hit.....SIX YEARS EARLIER THAN THE ACTUAL ATTACKS!! I also firmly believe that both

towers were in fact brought down by a “mini-nuke” which also contained Thermite. That is why the towers burned white hot for a month after the attack and there was molten steel at the bottom of the collapsed towers.

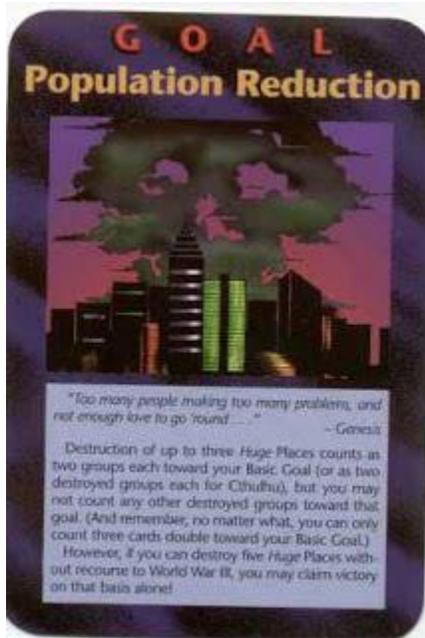

If this next card doesn't convince you, nothing will. It is entitled "Pentagon" Which clearly shows the Pentagon burning 6 years before the actual attack.

The third card is entitled "Population Reduction" Here, you can see a skyline which resembles New York City and you can see a "demon smoke face" just like we saw in New York during the

attacks. It is an occult practice to conjure “Fire demons” during ritual sacrifices and the twin towers with the 3000 people who were killed were part of this illuminati sacrifice ritual. Remember this card was created 6 years before the attacks with uncanny accuracy.

Below: Real smoke demon face taken on 9/11:

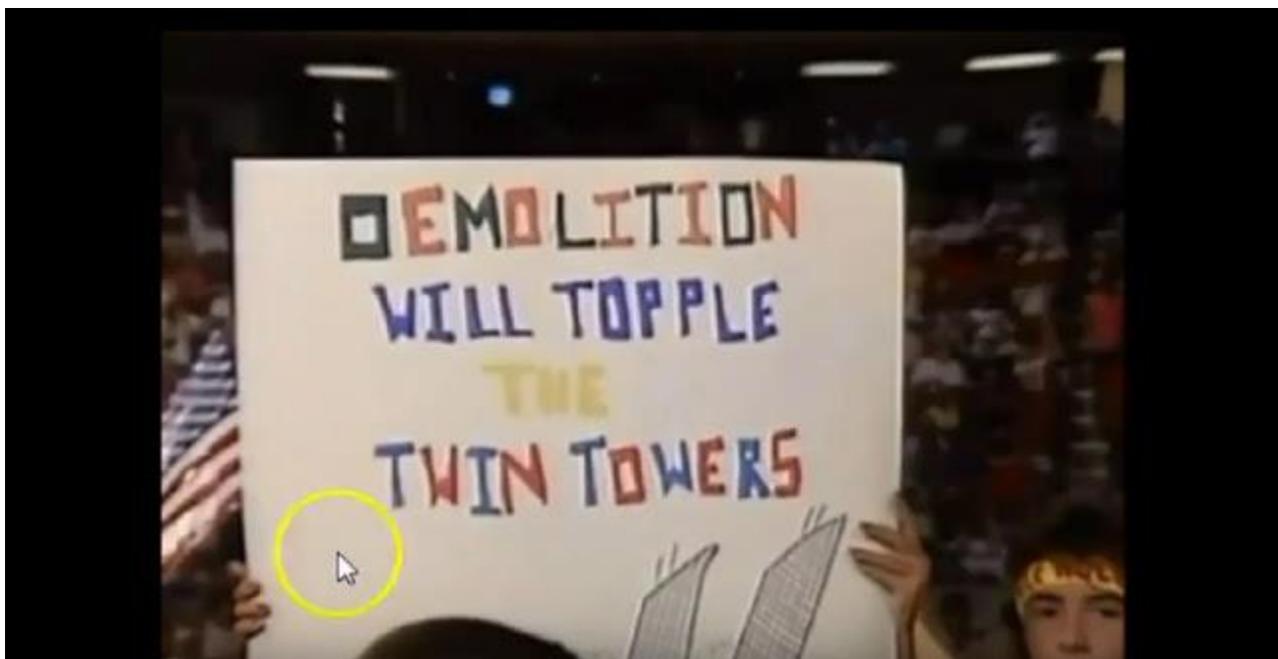

More evidence that the global elite knew about the events of 9/11 as far back as 1989. Look at WWF Professional Wrestling back when wrestling was controlled by two people, Vince McMahon who had control of the WWF and Ted Turner who controlled the WCW. Look at two tag teams who toured the nation. One was named “Demolition” and the other was “The Twin

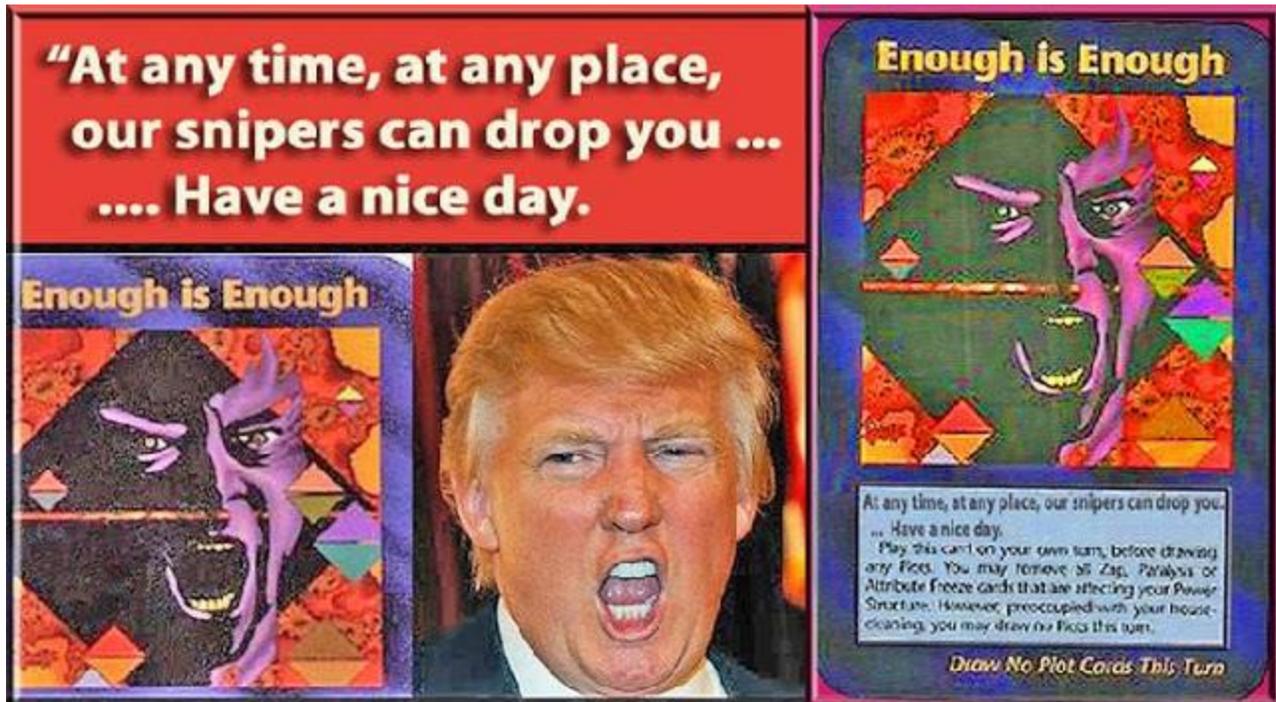

Towers”. Here they are telling us back in 1989 that the twin towers will be taken down by a demolition.

Now, it’s no coincidence that this sign was held up at a nationally televised match in 89’ that clearly says: “Demolition Will Topple The Twin Towers”. Also, not a coincidence that demolition always won the matches. Another thing to keep in mind is that most of these hand painted signs aren’t created by the fans. They are created by the promoters and are handed out to the fans as they walk in.

Now it looks like they point to a Kennedy style assassination on Trump as well:

Will trump go down the same path that got Kennedy killed in 1963? The Kennedy's were an Illuminati family. When Kennedy was put in as Commander in Chief, he was given an agenda from his handlers as to what was expected of him. When he decided to do his own thing, like making an attempt on taking down the Illegal Federal Reserve banking system; like taking troops out of Vietnam; like threatening to fracture the CIA into a million pieces; he might as well have just signed his own death sentence.

Now, when Trump is handed the Presidency and his ego takes him down a road the globalists don't want him to go, expect him to receive the same end that came to Kennedy. Of all the above scenarios that would merit an assassination in the minds of the Illuminati it all

comes down to this, if Trump does what his handlers want him to do, he'll be okay, but if not don't be surprised if he's taken out.

One of the devices the Illuminati use is "predictive programming" – a concept of telling in advance what their plans are. Insiders have said the Illuminati have an ethic code requiring they reveal their plans in advance, broadcasting through film and video.

President Trump is nothing more than a created part of the Illuminati controlled left-right paradigm, never to bring about justice. The two-party political system is nothing than a controlled wrestling match. It is all show and theater, two flavors of the same ice cream. Where is the rule of law that Donald Trump promised in the campaign. The rule of law has been a platitude that discredits President Trump. As evidence in the other parts of this series has shown, Donald J. Trump is a puppet, whose strings are controlled by the House of Rothschild, their banks, and their bought, bribed, and blackmailed minions of Satan. The Jesuits are known for their use of controlled opposition, by that tactic they are assured an outcome conforming to their larger plan. Jesuits operate under 50 and 100 year plans. American presidential elections have been tightly controlled through the two-party system. The public is led to believe they elect the national leader, when in fact they are selected well in advance. With electronic voting machines, no audit trail to verify counts and results, it is a giant scam in the rigging of elections.

At DEFCON 26, the world's largest hacking convention that recently took place in Las Vegas, an 11-year-old boy managed to hack a replica of the Florida state election website and change voting results in less than 10 minutes. Organizers of the event said that at least 30 children were able to hack similar replica websites in under a half hour, including an 11-year-old girl who completed the job in just under 15 minutes.

One of the attractions of the event was the "DEFCON Voting Machine Hacking Village," which allowed kids as young as 8 to take a shot at stealing a simulated election. Nico Sell, co-founder of the non-profit r00tz Asylum, told the PBS 'News Hour' that these kids were able to hack sites that were exactly like those used for official elections in the United States.

"These are very accurate replicas of all of the sites. These things should not be easy enough for an 8-year-old kid to hack within 30 minutes, it's negligent for us as a society," Sell says. Sell said that when they first tried a similar challenge last year, adult hackers were able to crack the websites in under five minutes. *"So this year we decided to bring the voting village to the kids as well,"* she said.

However, the government is not ready to admit that they are using such vulnerable technology to conduct their elections. The National Association of Secretaries of State issued a statement saying that they were *"ready to work with civic-minded members of the DEFCON community wanting to become part of a proactive team effort to secure our elections."*

However, they also claimed that it is not possible to replicate an actual government election website.

“It would be extremely difficult to replicate these systems since many states utilize unique networks and custom-built databases with new and updated security protocols. While it is undeniable websites are vulnerable to hackers, election night reporting websites are only used to publish preliminary, unofficial results for the public and the media. The sites are not connected to vote-counting equipment and could never change actual election results,” the statement read.

In other words, they claim that they will still be able to retain the actual results, even if a legitimate election website happens to be tampered with. Sell pointed out that the response from election official’s shows that they either don’t understand or don’t care about the chaos that can be caused by false election results being published, even if they are corrected after the fact.

“To me, that statement says that the secretaries of states are not taking this seriously. Although it’s not the real voting results it’s the results that get released to the public. And that could cause complete chaos. The site may be a replica but the vulnerabilities that these kids were exploiting were not replicas, they’re the real thing. I think the general public does not understand how large a threat this is, and how serious a situation that we’re in right now with our democracy,” she said.

Furthermore, Matt Blaze, a professor at the University of Pennsylvania and one of the organizers of the “hacking village,” said that these replica websites were actually designed to be more difficult to hack than the official government sites.

“It’s not surprising that these precocious, bright kids would be able to do it because the websites that are on the internet are vulnerable, we know they are vulnerable. What was interesting is just how utterly quickly they were able to do it,” he said.

Adult hackers were also able to break into actual voting machines during the convention.

It has long been an open secret that election websites and even voting machines are extremely vulnerable to hacking. In fact, a study at the Argonne National Laboratory in Illinois developed a hack to manipulate voting machines just before the 2012 elections.

The researchers who developed the hack were actually able to hijack a Diebold Accuvote TS electronic voting machine, one of the most popular voting systems at the time.

Two of the lead researchers in the study were able to demonstrate a number of different ways that voting machines could be hacked. They used a \$1.29 microprocessor and a circuit board that costs about \$8, along with a \$15 remote control.

They demonstrated that the cheap hack worked from over a half-mile away.

“When the voter hits the ‘vote now’ button to register his votes, we can blank the screen and then go back and vote differently and the voter will be unaware that this has happened. Spend an extra four bucks and get a better lock, you don’t have to have state-of-the-art security, but you can do some things where it takes at least a little bit of skill to get in,” Johnson said.

As far as how easy the hack is, Johnson told *“Popular Science”* that *“I’ve been to high school science fairs where the kids had more sophisticated microprocessor projects.”*

All of this goes to further confirmation of what Michael McKibben of Leader Technology reported about Serco Inc. using a voter software program showing how the UK tampers with U.S. elections. “Evil Incarnate” is closing the noose around the world. The public, like grazing sheep, is oblivious to how this is being accomplished.
