

# God Promised to **Expose Evil** In the **Last Days!**

*Jesus said "I am the truth"*

## Part 1

Whether you know it or not, one of the Bible's key prophecies has been speaking in a way that few people take it into consideration, or even recognize for that matter. It soon became apparent to me shortly after I began to explore the Internet and its potential use for doing historical research back in 1996. I am referring to how the Internet soon began to gain traction as a source of information and truth! In the twenty years since I have been on the Internet, it has been astonishing to discover the many dark secrets revealed in this evil world. In fact, the Internet has matured and developed far beyond any of our expectations. But, in many ways, I would prefer the Internet of twenty years ago compared to what it is today!

Two passages that speak volumes to this puzzle more than others are Luke 12:2 and Luke 8:17.

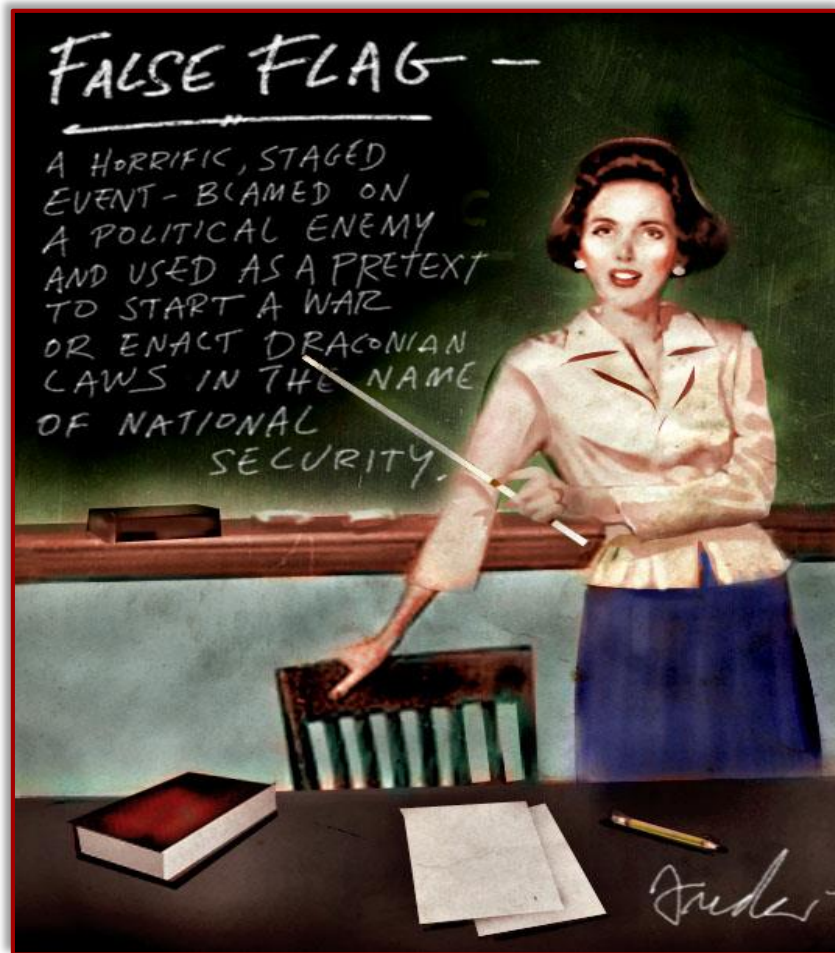

- ♦ Luke 12:2 reads: ***"Nothing is covered up that will not be revealed, or hidden that will not be known."*** (ESV)
- ♦ Luke 8:17 reads: ***"For nothing is hidden that will not be made manifest, nor is anything secret that will not be known and come to life."*** (ESV)

These two passages and a few others have for decades begged the larger question concerning how this would be manifested. This series is clearly an exploration of these two verses revealing hidden secrets for those alive during the last days before the Rapture of Christian believers.

My own lifetime quest for truth began with the November 22, 1963 assassination of President John F. Kennedy. Along with the government cover-up that ensued of the Kennedy

assassination, I came under the influence of Waynesburg College history professor John Holleran, a passionate “truther”, scholar and historian. Professor Holleran was denied his PhD from Harvard because the premise of his Doctoral Thesis was political dynamite in that it was re-writing the true history of how the United States went to war in 1941. Decades later, I discovered the truth on the Internet, when a number of earth-shaking books came out about Pearl Harbor.

In 2001, Robert Stinnett published his book *‘Day of Deceit: The Truth about Franklin Roosevelt and Pearl Harbor’*. As recent as November of 2016, Anthony Summers published his book, *‘A Matter of Honor: Pearl Harbor - Betrayal, Blame, and a Family's Quest for Justice’*. Over the course of sixteen years (2001-2016), a dozen books have unearthed the truth, leaving no stone unturned, proving the powers who had orchestrated a false-flag attack to manipulate the United States into what became World War II.

*Painting by Anthony Freda*

You must understand, the government of the United States of America has been exposed more than once as a nation that would use manufactured “false-flag” attacks to justify a reason to engage in war solely for the purpose of achieving its political measures. For example, President Lyndon B. Johnson used a “false-flag” attack known as the Gulf of

Tonkin incident. Supposedly, it was an attack against the USS Maddox, which by the way, never happened according to survivors' testimonies. It was, however, an international confrontation that led to the United States being drawn more directly into the Viet Nam War.

Governments from around the world admit they do it. There are many documented false flag attacks, where a government carries out a terror attack ... and then falsely blame its enemy for political purposes. In the following 42 instances, officials in the government which carried out the attack (or seriously proposed an attack) admit to it, either orally or in writing:

1. Japanese troops set off a small explosion on a train track in 1931, and falsely blamed it on China in order to justify an invasion of Manchuria. This is known as the "Mukden Incident" or the "Manchurian Incident". The Tokyo International Military Tribunal found: "Several of the participators in the plan, including Hashimoto [a high-ranking Japanese army officer], have on various occasions admitted their part in the plot and have stated that the object of the 'Incident' was to afford an excuse for the occupation of Manchuria by the Kwantung Army ...."
2. A major with the Nazi SS admitted at the Nuremberg trials that – under orders from the chief of the Gestapo – he and some other Nazi operatives faked attacks on their own people and resources which they blamed on the Poles, to justify the invasion of Poland.
3. Nazi general Franz Halder also testified at the Nuremberg trials that Nazi leader Hermann Goering admitted to setting fire to the German parliament building in 1933, and then falsely blaming the communists for the arson.
4. Soviet leader Nikita Khrushchev admitted in writing that the Soviet Union's Red Army shelled the Russian village of Manila in 1939 – while blaming the attack on Finland – as a basis for launching the "Winter War" against Finland. Russian president Boris Yeltsin agreed that Russia had been the aggressor in the Winter War.
5. The Russian Parliament, current Russian president Putin and former Soviet leader Gorbachev all admit that Soviet leader Joseph Stalin ordered his secret police to execute 22,000 Polish army officers and civilians in 1940, and falsely blame it on the Nazis.
6. The British government admits that – between 1946 and 1948 – it bombed 5 ships carrying Jews attempting to flee the Holocaust to seek safety in Palestine, set up a fake group called "Defenders of Arab Palestine", and then had the pseudo-group falsely claim responsibility for the bombings.
7. Israel admits that in 1954, an Israeli terrorist cell operating in Egypt planted bombs in several buildings, including U.S. diplomatic facilities, then left behind "evidence" implicating the Arabs as the culprits (one of the bombs detonated prematurely, allowing the Egyptians to identify the bombers, and several of the Israelis later confessed).

8. The CIA admits that it hired Iranians in the 1950's to pose as Communists and stage bombings in Iran in order to turn the country against its democratically-elected prime minister.
9. The Turkish Prime Minister admitted that the Turkish government carried out the 1955 bombing on a Turkish consulate in Greece – also damaging the nearby birthplace of the founder of modern Turkey – and blamed it on Greece, for the purpose of inciting and justifying anti-Greek violence.
10. The British Prime Minister admitted to his defense secretary that he and American president Dwight Eisenhower approved a plan in 1957 to carry out attacks in Syria and blame it on the Syrian government as a way to effect regime change.
11. The former Italian Prime Minister, an Italian judge, and the former head of Italian counterintelligence admit that NATO, with the help of the Pentagon and CIA, carried out terror bombings in Italy and other European countries in the 1950's and blamed the communists, in order to rally people's support for their governments in Europe in their fight against communism. As one participant in this formerly-secret program stated: *"You had to attack civilians, people, women, children, innocent people, unknown people far removed from any political game. The reason was quite simple. They were supposed to force these people, the Italian public, to turn to the state to ask for greater security"* (Italy and other European countries subject to the terror campaign had joined NATO before the bombings occurred). They also allegedly carried out terror attacks in France, Belgium, Denmark, Germany, Greece, the Netherlands, Norway, Portugal, the UK, and other countries.
12. In 1960, American Senator George Smathers suggested that the U.S. launch "a false attack made on Guantanamo Bay which would give us the excuse of actually fomenting a fight which would then give us the excuse to go in and [overthrow Castro]" .
13. Official State Department documents show that, in 1961, the head of the Joint Chiefs and other high-level officials discussed blowing up a consulate in the Dominican Republic in order to justify an invasion of that country. The plans were not carried out, but they were all discussed as serious proposals.
14. As admitted by the U.S. government, recently declassified documents show that in 1962, the American Joint Chiefs of Staff signed off on a plan to blow up AMERICAN airplanes (using an elaborate plan involving the switching of airplanes), and also to commit terrorist acts on American soil, and then to blame it on the Cubans in order to justify an invasion of Cuba.
15. In 1963, the U.S. Department of Defense wrote a paper promoting attacks on nations within the Organization of American States – such as Trinidad-Tobago or Jamaica – and then falsely blaming them on Cuba.

16. The U.S. Department of Defense even suggested covertly paying a person in the Castro government to attack the United States: “The only area remaining for consideration then would be to bribe one of Castro’s subordinate commanders to initiate an attack on Guantanamo.”
17. The NSA admits that it lied about what really happened in the Gulf of Tonkin incident in 1964 ... manipulating data to make it look like North Vietnamese boats fired on a U.S. ship so as to create a false justification for the Vietnam War.
18. A U.S. Congressional committee admitted that – as part of its “Cointelpro” campaign – the FBI had used many provocateurs in the 1950s through 1970s to carry out violent acts and falsely blame them on political activists.
19. A top Turkish general admitted that Turkish forces burned down a mosque on Cyprus in the 1970s and blamed it on their enemy. He explained: “In Special War, certain acts of sabotage are staged and blamed on the enemy to increase public resistance. We did this on Cyprus; we even burnt down a mosque.” In response to the surprised correspondent’s incredulous look the general said, “I am giving an example”.
20. The German government admitted that, in 1978, the German secret service detonated a bomb in the outer wall of a prison and planted “escape tools” on a prisoner – a member of the Red Army Faction – which the secret service wished to frame the bombing on.
21. A Mossad agent admits that, in 1984, Mossad planted a radio transmitter in Gadhafi’s compound in Tripoli, Libya which broadcast fake terrorist transmissions recorded by Mossad, in order to frame Gadhafi as a terrorist supporter. Ronald Reagan bombed Libya immediately thereafter.
22. The South African Truth and Reconciliation Council found that, in 1989, the Civil Cooperation Bureau (a covert branch of the South African Defense Force) approached an explosives expert and asked him “to participate in an operation aimed at discrediting the ANC [the African National Congress] by bombing the police vehicle of the investigating officer into the murder incident”, thus framing the ANC for the bombing.
23. An Algerian diplomat and several officers in the Algerian army admit that, in the 1990s, the Algerian army frequently massacred Algerian civilians and then blamed Islamic militants for the killings and Agence France-Presse, 9/27/2002, French Court Dismisses Algerian Defamation Suit Against Author).
24. An Indonesian fact-finding team investigated violent riots which occurred in 1998, and determined that “elements of the military had been involved in the riots, some of which were deliberately provoked”.

25. Senior Russian Senior military and intelligence officers admit that the KGB blew up Russian apartment buildings in 1999 and falsely blamed it on Chechens, in order to justify an invasion of Chechnya.
26. According to the *'Washington Post'*, Indonesian police admit that the Indonesian military killed American teachers in Papua in 2002 and blamed the murders on a Papuan separatist group in order to get that group listed as a terrorist organization.
27. The well-respected former Indonesian president also admits that the government probably had a role in the Bali bombings.
28. As reported by BBC, the New York Times, and Associated Press, Macedonian officials admit that the government murdered 7 innocent immigrants in cold blood and pretended that they were Al Qaeda soldiers attempting to assassinate Macedonian police, in order to join the "war on terror".
29. Senior police officials in Genoa, Italy admitted that – in July 2001, at the G8 summit in Genoa – planted two Molotov cocktails and faked the stabbing of a police officer, in order to justify a violent crackdown against protesters.
30. Although the FBI now admits that the 2001 anthrax attacks were carried out by one or more U.S. government scientists, a senior FBI official says that the FBI was actually told to blame the Anthrax attacks on Al Qaeda by White House officials (remember what the anthrax letters looked like). Government officials also confirm that the white House tried to link the anthrax to Iraq as a justification for regime change in that country.
31. Similarly, the U.S. falsely blamed Iraq for playing a role in the 9/11 attacks – as shown by a memo from the defense secretary – as one of the main justifications for launching the Iraq war. Even after the 9/11 Commission admitted that there was no connection, Dick Cheney said that the evidence is "overwhelming" that al Qaeda had a relationship with Saddam Hussein's regime, that Cheney "probably" had information unavailable to the Commission, and that the media was not 'doing their homework' in reporting such ties. Top U.S. government officials now admit that the Iraq war was really launched for oil ... not 9/11 or weapons of mass destruction (despite previous "lone wolf" claims, many U.S. government officials now say that 9/11 was state-sponsored terror; but Iraq was not the state which backed the hijackers).
32. Former Department of Justice Lawyer John Yoo suggested in 2005 that the US should go on the offensive against al-Qaeda, having "our intelligence agencies create a false terrorist organization. It could have its own websites, recruitment centers, training camps, and fundraising operations. It could launch fake terrorist operations and claim credit for real terrorist strikes, helping to sow confusion within al-Qaeda's ranks, causing operatives to doubt others' identities and to question the validity of communications."

33. United Press International reported in June 2005: U.S. intelligence officers are reporting that some of the insurgents in Iraq are using recent-model Beretta 92 pistols, but the pistols seem to have had their serial numbers erased. The numbers do not appear to have been physically removed; the pistols seem to have come off a production line without any serial numbers. Analysts suggest the lack of serial numbers indicates that the weapons were intended for intelligence operations or terrorist cells with substantial government backing. Analysts speculate that these guns are probably from either Mossad or the CIA. Analysts speculate that agent provocateurs may be using the untraceable weapons even as U.S. authorities use insurgent attacks against civilians as evidence of the illegitimacy of the resistance.
34. Undercover Israeli soldiers admitted in 2005 to throwing stones at other Israeli soldiers so they could blame it on Palestinians, as an excuse to crack down on peaceful protests by the Palestinians.
35. Quebec police admitted that, in 2007, thugs carrying rocks to a peaceful protest were actually undercover Quebec police officers.
36. At the G20 protests in London in 2009, a British member of parliament saw plain clothes police officers attempting to incite the crowd to violence.
37. Egyptian politicians admitted that government employees looted priceless museum artifacts in 2011 to try to discredit the protesters.
38. A Colombian army colonel has admitted that his unit murdered 57 civilians, then dressed them in uniforms and claimed they were rebels killed in combat.
39. The highly-respected writer for the *'Telegraph'* Ambrose Evans-Pritchard says that the head of Saudi intelligence – Prince Bandar – recently admitted that the Saudi government controls “Chechen” terrorists.
40. High-level American sources admitted that the Turkish government – a fellow NATO country – carried out the chemical weapons attacks blamed on the Syrian government; and high-ranking Turkish government admitted on tape plans to carry out attacks and blame it on the Syrian government.
41. The former Ukrainian security chief admits that the sniper attacks which started the Ukrainian coup were carried out in order to frame others.
42. Britain’s spy agency has admitted that it carries out “digital false flag” attacks on targets, framing people by writing offensive or unlawful material ... and blaming it on the target.

I didn't include the following event in the list above, because – if Nero did start the fire on purpose – he did it for his own reasons (to build his palatial complex), and not for geo-political reasons benefiting his nation.

Two-thirds of the City of Rome burned down in a huge fire on July 19, 64 A.D. The Roman people blamed the Emperor Nero for starting the fire. Some top Roman leaders – including the Roman consul Cassius Dio, as well as historians like Suetonius – agreed that Nero started the fire (based largely on the fact that the Roman Senate had just rejected Nero's application to clear 300 acres in Rome so that he could build a palatial complex, and that the fire allowed him to build his complex). Regardless of who actually started the fire, Nero – in the face of public opinion accusing him of arson – falsely blamed the Christians for starting the fire. He then rounded up and brutally tortured and murdered scores of Christians for something they likely didn't do.

### **So Common ... There's a Name for It!**

The use of the bully's trick is so common that it was given a name hundreds of years ago. **"False flag terrorism"** is defined as a government attacking its own people, then blaming others in order to justify going to war against the people it blames. Or as Wikipedia defines it:

"False flag operations are covert operations conducted by governments, corporations, or other organizations, which are designed to appear as if they are being carried out by other entities. The name is derived from the military concept of flying false colors; that is, flying the flag of a country other than one's own. False flag operations are **not limited to war and counter-insurgency operations, and have been used in peace-time**; for example, during Italy's strategy of tension."

The term comes from the old days of wooden ships, when one ship would hang the flag of its enemy before attacking another ship. Because the enemy's flag, instead of the flag of the real country of the attacking ship, was hung, it was called a "false flag" attack. Indeed, this concept is so well-accepted that rules of engagement for naval, air and land warfare all prohibit false flag attacks.

Leaders throughout history have acknowledged False-flags, and leaders throughout history have acknowledged the danger of false flags:

“A history of false flag attacks used to manipulate the minds of the people! “In individuals, insanity is rare; but in groups, parties, nations, and epochs it is the rule.”

- Friedrich Nietzsche

“Terrorism is the best political weapon for nothing drives people harder than a fear of sudden death”.

- Adolph Hitler

“Why of course the people don’t want war ... But after all it is the leaders of the country who determine the policy, and it is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a parliament, or a communist dictatorship ... Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is to tell them they are being attacked, and denounce the pacifists for lack of patriotism and exposing the country to danger. It works the same in any country.”

- Hermann Goering, Nazi leader

“The easiest way to gain control of a population is to carry out acts of terror. [The public] will clamor for such laws if their personal security is threatened”.

- Josef Stalin

Most likely, the prophecy of Isaiah 17:1 will come about as the result of a “false-flag” event. Given the frequency of such events, we ought not to be surprised if Isaiah 17:1 results from a “false-flag”.

***“An oracle concerning Damascus. Behold, Damascus will cease to be a city and will become a heap of ruins.”*** –(Isaiah 17:1)

For nearly a decade, since Russia and Syria signed a \$2-billion pipeline deal, the United States Pentagon and the CIA has been looking for an excuse to attack Russia. The most recent example of a “false-flag” event has been the chlorine gassing of hundreds of Syrians in or around Douma area near Damascus on the weekend of April 8<sup>th</sup>, 2018. The death toll has been estimated at upwards of 100 and several hundred more injured by chlorine gas manufactured in Germany by the Merck Chemical Corporation. Photos of the victims show medical assistance by first responders who are not wearing chemical suits and gloves. The more lethal gases such as VX, Sarin, and others can result in immediate death just by touching the victims who were exposed to these chemicals.

The Israeli IDF chose to use the attack as a cover for its own operation designed to launch missile and aerial attacks on Syrian and Iranian targets in the region. Over the weekend, the Syrian regime carried out a horrific chemical attack on its own people yet again, resulting in scores of dead women and children. President Trump strongly condemned the attack. Then just this morning, Israel launched twin F-15 fighter jets to wipe out an Iranian weapons stronghold in Syria. All the big end-times players are on the same prophecy playing

field yet again, how far will it go this time? And the countdown to Israel's 70th anniversary continues to tick, tock, tick.

Airstrikes against the Syrian T4 as a Military Airbase have left at least 12 people dead, and considerable damage. There are claims that fighter jets and cruise missiles were involved in the attack. Locals reported over 20 missiles hit the site, and Syrian media initially expressed the belief that this was a U.S. attack. The Pentagon has denied involvement, however, and analysts broadly believe it was an Israeli attack.

Israel attacks Syria often enough that this makes sense, and the fact that the attacking planes were said to have come from Lebanese airspace also suggests Israel, as that is their standard method of strikes against Syrian targets. Israel is believed to be using a Dolphin Class submarine for the missile attacks, and their usual array of warplanes for the airstrikes. Israeli Chief Rabbi Yitzhak Yosef has said that Israel has a "moral obligation" to intervene in Syria militarily.

Between the April 8<sup>th</sup> (the alleged chlorine gas attack) and April 12<sup>th</sup> numerous reports were calling the entire story "*Fake News*" and several reliable reports said that it was an attempted "False-flag" event executed for the purpose of provoking a U.S. attack on Syria. The war hawks in the "Deep State", including Senator John McCain of Arizona and Lindsey Graham of South Carolina had been urging President Trump to launch an attack against Syria. "Blackstone Intelligence" revealed evidence of a "False-flag" chemical attack on April 12<sup>th</sup> linking British mercenaries and the US "Deep State" back to 2011-2013 (the Rothschild oil cartel, the Clinton Foundation, and the Obama administration). Included among this group is former V.P. Dick Cheney as part of Genie Energy Co. Along with Dick Cheney, the Strategic Board of Advisers for Genie Energy Co. includes: Mary Landrieu, Rupert Murdoch, Bill Richardson, Jacob Rothschild, Lawrence Summers, and R. James Woolsey. Genie Energy began energy exploration in the Golan Heights region of Israel which was acquired in the 1967 "Six-Day War". When drilling began, Israel said it was enough to meet their needs for 200 years.

You might be wondering: Who would provoke a "False-flag" attack? Ask yourself this question, "Who benefits if the two major super-powers go to war and destroy each other in the process? Who stands to gain?" I can think of several possibilities that would like to see the destruction of Russia and the U.S. Take your pick from the list below:

1. The Jesuit-controlled Vatican and its subordinate orders (SMOM, Freemasons, Opus Dei)
2. The United Kingdom
3. Zionist Israel
4. Rogue elements within the CIA and Mossad
5. The House of Rothschild

Rather than to take time here and go into a detailed explanation of my rationale here, I will be dealing with each of these individually throughout this series. But first, I will provide

a brief statement next and then unpack substantial evidence and detail as this series progresses. Anyone on this list, or a combination of such have ample motive to provoke a war between Russia and the United States.

1. The Jesuit-controlled Vatican has waged a 200+ year war to destroy the Russian nation, and the Russian Orthodox Church, on a multi-front level. Albert Pike's Grand Plan of 3 World Wars meant to bring about global government and is detailed in part of this agenda. Popes John Paul XXII, Pope John II, and Pope Paul VI also believed the 3<sup>rd</sup> Secret of Fatima would result in the conversion of the former Soviet Union. Fr. Malachi Martin confirmed this in his writings and radio interviews, even stating that the liberation of Eastern Europe did not have the spiritual fruits it expected.
2. Using false pretenses and faked evidence, the UK was instrumental in leading the US into the war in Afghanistan and Iraq. The US has protected the UK drug sources in Afghanistan for 16 years. Estimated opium production in Afghanistan, an important source of funding for the Taliban, has increased 35-fold since the U.S.-led invasion, from 185 tons in 2001 to 6,400 last year, revealed by data maintained by the United Nations.
3. Pulitzer-Prize journalist/author Seymour Hersh has written extensively on Zionist Israel. His book, *'The Sampson Option'* details Israel's plan to bring down the super-powers if it for any reason was about to be destroyed; and other activities by Israel; not to mention the Israeli June 8, 1967 two-hour attempt to sink the unarmed US Navy intelligence-gathering USS Liberty, killing 34 American sailors. Zionist Israel pushes a satanic Chabad-form of Jewish racism that fuels the New World Order agenda.
4. The Central Intelligence Agency (CIA) has been in bed with the Vatican as early as 1943 as the US OSS, later mandated as the CIA by President Harry S. Truman in 1947 through a National Security Directive.
5. The House of Rothschild has reached a point where it no longer needs the USA as their hammer/enforcer to establish Rothschild-central banks in the nations of the world. The House of Rothschild has been the "Fiduciary" Agent for the Vatican since 1823-24. Today, only Cuba, Iran, North Korea, and Syria remain without a Rothschild Central Bank. This last statement screams why the USA has had three of these four countries in the Pentagon's war plans!

If one wants to do the research, they will discover, of the 42 named false flags previously noted, most of them have links connecting them with my list of the top five suspects that have the most to gain by provoking a war between the USA and Russia.

On Sunday, April 8, 2018, two of the driving forces to expose evil and unmask the crimes of the nation came together for an hour on a live stream gathering. The program is archived at the "*American Intelligence Media*" web site. The two gentlemen, Field McConnell and Douglas Gabriel host web sites that are dedicated to truth and exposure of evil. Former U.S. Marine fighter pilot in Viet Nam, and later a member of the North Dakota Air National Guard and retired commercial airline pilot operates by Ephesians 5:11: ***"Take no part in the***

***unfruitful works of darkness, but instead expose them.***” I have been a regular follower of Field McConnell’s posts for a decade and it is clear that Field McConnell has been God’s man for our day in bringing fulfillment to those passages from the beginning”. Field McConnell’s web site is <https://www.abeldanger.org/>. Douglas Gabriel, whose Internet stage name is Thomas Payne and his co-partner, his wife, a.k.a. Betsey Ross recently blew open weeks ago about a scandal of immense proportion. Their web site “American Intelligence Media” or “Aim4Truth.com” has risen to the ranks in the Alt-Media network. I have followed these two sites for about two years.

The Internet began predominantly as a military/government/education resource tool before it became a mainstay of knowledge and information source to the general public. All of the electronic surveillance media were built with CIA funds through their investment development known as - In-Q-tel. Social media names including Facebook were also developed and funded through the CIA’s In-Q-Tel. Mark Zuckerberg (grandson of David Rockefeller) was a drop-out from Harvard University, and could not write six-lines of code if his life depended upon it. Facebook’s technology was stolen from “Leader Technology” of Columbus, Ohio. The true inventors of social media were headed by Michael McKibbens and a world-renown team of 12-20 software engineers. Their technology was stolen by the CIA through the U.S. Patent Office, and secretly controlled through a British Company by the name of SERCO. Their story is revealed in a program at American Intelligence Media and archived on the “American Intelligence Media” web site.

Mark Zuckerberg's real name noted above is Jacob Greenberg and he's the grandson of the late billionaire banker David Rockefeller. Social media was intended by the CIA to be a tool to maintain surveillance on the public and to extract voluntary personal data about the 2-billion Facebook customers around the world. “Leader Technology” invested \$20-million dollars of investor capital to create the technology that we now know and refer to as social media we know as Facebook. To hear Mark Zuckerberg’s (Greenberg) statements one would think he threw it together in his dorm room over a weekend. When you hear the interview between Michael McKibbens, CEO of Leader Technology and Douglas Gabriel of American Intelligence Media, you soon realize the absurdity of Mark Zuckerberg’s claims. They are merely bogus; he is nothing more than a fake cardboard cutout, who has referred to his 2-billion customers as “dumb f—ks.”

In this article I will address a Bible prophecy that is for our day as the world races headlong like an out of control runaway freight train, heading toward massive destruction ahead. In the process, we will be looking at how these two passages from the Gospel of Luke are being played out right before our eyes. But first, what does the Bible have to say about truth and its importance in all of life. I chose Luke 12:2 and Luke 8:17 as two powerful passages. God has not left us any reason to question their meaning! But let us examine a lesson from the subject of “Truth”.

## Defining Truth

This complex subject is discussed at depth in Scripture. It was Pontius Pilate who raised the question to Jesus, *"What is Truth?"* –(see John 18:38). Let's summarize the concepts:

- Statements like **"All truth is relative"** or **"Absolute truth does not exist"** are in themselves claiming an absolute truth. So absolute truth exists.
- Truth (in the absolute sense) can be used as a moral attribute of a person e.g. are they consistent, reliable, dependable? Christians claim God is true or faithful to His word.
- Truth is often used in an intellectual sense (which is also an absolute sense). For example, historical truth states what actually happened, scientific truth is something that can be tested or measured, and logical truth is something that can be proved by reason. So for a statement to be intellectually true it must agree with knowledge (fact or reality), or be logically correct, or both.

## Guidance into Truth

Life is a search for absolute truth. If we are looking for intellectual truth, we may be able to discover it ourselves. We could do a historical investigation, or a scientific experiment. But often science can only make tentative claims to absolute truth, since different 'truths' may emerge later. For example, is the 'Big Bang' theory of our universe absolutely true? At any point in time there is a limit of what we have discovered in terms of intellectual truth. Similarly, there is a limit of what we have discovered in terms of absolute 'moral' truth. Who sets the moral standard, and what is it?

**If we accept limits on our human search for truth, we must turn to a source outside ourselves.** Christians maintain that such absolute and transcendent truth (in both the moral and intellectual sense) can be found in the God of the Bible. They maintain that absolute truth about life is revealed to man in various ways, but primarily through the Bible. They hold that we can be guided towards the moral truth on difficult issues, such as sexual ethics, justice, and the dilemma of the Palestinians. They claim the Bible also gives guidance on intellectual issues, such as the origin (and future) of the earth, see dating the earth, evolution, global warming and electronic ID, although obviously omitting scientific details.

## Conditions on Truth

A fundamental biblical concept is that guidance into truth can only come from the 'Holy Spirit' or the 'Spirit of truth'. Jesus said: *"When He, the Spirit of truth comes, He will guide you into all the truth ... and He will disclose to you what is to come."* -(John 16.13).

So who is the Spirit of truth? According to the Bible He is a person, the third person of the Godhead (see also The Trinity). He is sent into the world by God to help and guide those who put their trust in Jesus Christ.

The gift of the Spirit is specific to believers -(John 14.17) and so in this sense, truth is supernaturally revealed. Unbelievers cannot receive this revelation. Put another way, the Holy Spirit 'unlocks' truth.

## The Source of Truth

Jesus said that He Himself is the source of all truth. He said: ***"I am the way, and the truth, and the life ..."*** -(John 14.6).

Here Jesus is claiming all truth (including biblical truth) comes from Himself. Since He is 'one' with the Father, He reveals truth originating from the Godhead and the Holy Spirit is the avenue through which truth is revealed. Moreover, Jesus claimed that *absolute* truth exists by being dogmatic on such issues as heaven and hell, morality, creation, judgement and the need for reconciliation to God. Christians are often accused of being fundamentalist or dogmatic, but they are simply following biblical teaching - which claims to be transcendent.

If you follow Jesus, ask Him to guide you as you grapple with difficult issues. His Spirit will guide you.

If you do not know Jesus, first ask Him to come into your life. Jesus will then send His Spirit to help you unlock biblical truths. Of course, being fallible humans we can never grasp the *complete* truth, but we can certainly be supernaturally guided towards absolute truths. As Saint Paul says: ***"Now I know in part, but then (in the resurrection) I will know fully"*** -(1<sup>st</sup> Corinthians 13.12).

If you are following me closely perhaps you are beginning to recognize how God is bringing about the fulfillments noted in Luke 12:2 and Luke 8:17. I can't help but think that God's sense of humor has the rebellious squirming in their britches. Psalm 2:4 states, ***"He that sitteth in the heavens shall laugh: the Lord shall have them in derision."***

Field McConnell made an incredible statement near the close of the interview with Douglas Gabriel that clearly said ***"SES is dead in the water!"*** The live broadcast between these two Truth seekers, affirms there are many risking life and fortune to expose evil often referred to as the "Deep State" in American government. I highly recommend that readers go to "American Intelligence Media" and listen to their video on Attorney-General and former Alabama senator Jeff Sessions. It is titled "Proof Sessions is Corrupt: On the Take" and offers proof that Attorney-General Sessions is corrupt! Since the election of Donald J. Trump as president of the United States, many calling into the Rush Limbaugh talk-radio show have asked if Rush thought Hillary Clinton would ever be prosecuted and put behind bars. Rush's response has not pleased his audience, as he has consistently noted several times in 2018

alone that he did not believe Hillary Clinton would ever be put behind bars. This comes in spite of the evidence indicating that Hillary Clinton could be prosecuted for no fewer than a dozen indictments. In 2015, *World Net Daily* named 22 scandals the Clintons have evaded, and all by members of the “Deep State” SES. When people use the expression “deep state” they are referring to the “SES”.

“SES” is an acronym for “Senior Executive Service”, consisting of over 9,000 members appointed by the presidents of the USA. Presently, some 7,100 appointees of President Barack Obama are holdovers from the Obama administration and operate on behalf of the former president by blocking, obfuscating, delaying, obstructing, running interference, stalling, and basically doing whatever they can to prevent the new President of the USA from advancing his plan for the country. This group is above the government’s GS-ratings of civil-service career employees of the government, GS-1 through GS-16.

The “SES” was mandated by former President James Earl Carter, organized and implemented by Marcy McConnell, the sister of Field McConnell mentioned above. “Aim4Truth” has been publishing the names of government politicians, Supreme Court Justices, military personnel, and diplomats identified as senior executive members of the deep-state shadow government. Those in the “SES” receive tenure after 1 year, something unheard of even in academia. In addition, they receive extra compensation, equal to or better than that of the Vice-President of the U.S.A. For those unfamiliar with the word “tenure” it simply means one cannot be fired from their position after a specific time period. They are rewarded for their loyalty to the “Deep State” (primarily the Democratic Party, but not exclusively). They move about from one directorship to another inside the Beltway of Washington, DC. The “SES” is a gravy train for the elite in government. For example, Republican Supreme Court Justice, John Roberts is a member of “SES”, as well as being an active Supreme Court Justice. Members of the “SES” do not require vetting for the purpose of obtaining a security clearance. Hence, this brings into question whether an individual actually meets the required qualifications for a security clearance, be it Confidential, Secret, Top Secret, Crypto, or Q, the highest level of security clearances issued.

After saying all this, it becomes a serious attention-getting factor when Field McConnell stated, *“the “SES” was dead in the water!”* I am not so sure that I would go that far and I will tell you why – SES continues to block the President’s appointees and legislation efforts. A recovering CIA officer went public earlier this year and his hour-long revelation will shock the strongest viewers; I implore the reader to go to the link below and watch the story of a career CIA officer:

<https://www.brasscheck.com/video/a-recovering-cia-officer-explains-the-reality-of-the-shadow-government/>

The above link reveals the secrets of the CIA and because of the creation of the Internet, we are seeing the exposure of truth in a way that only God could have brought about. My more than fifty years of research led me to believe the CIA (Central Intelligence

Agency) created through a Presidential Directive signed by the then President Harry S. Truman, in fact and principle, functions primarily at the behest of the Vatican. President Truman publicly admitted years later it was one of the greatest mistakes of his presidency. But regarding my point that the CIA is a functionary of the Vatican is buttressed by the fact that most of its Directors covering the CIA's seventy years of existence, have been made up of the Knights of Malta and are an integral part of the Roman Catholic Institution.

The CIA - founded by members of The Knights of Malta and Harry Truman are controlled by The Jesuit Superior-General. Founded by Knight of Malta, William Donovan, the CIA and many of the CIA directors were Knights of Malta. Some of them like William Casey, George H.W. Bush, Thomas Braden, G.J. Tenet, and Leon Panetta (Jesuit-educated at Santa Clara University). There are many, many more within the US government who are Jesuit-educated and possess Jesuit degrees from Georgetown University, located within eyesight of the U.S. Capitol building which, by the way is a physical structure based on and mirroring the architecture at St. Peters in Rome.

Readers may not realize it, but we are still subjects of the British Monarchy. Through the use of clever propaganda and deceitful lies, American history books and classes have intentionally indoctrinated us into believing we had won the American Revolution. But we did not. We, the American people, and the USA are still subjects of Queen Elizabeth. Thus the name Queen Elizabeth II belongs in the list above. We are STILL owned by the Crown! Parts 5 and 6 in this series will address this clever scheme.

History books were written by the victors and their big publishing houses. It was much easier to control the new colonies by letting them think they had won their independence, while the British Crown carefully laid their tentacles throughout America, tentacles that grew longer and stronger with every passing year.

We aren't the America you may think we are. That's the big red pill. Most of us on planet Earth are still under the Queen's rule. I will repeat - virtually none of what is shared here would be known today were it not for the Internet as it exists today. My concern is how long will we have it before it is shut down in one fashion or another?

English law prohibit questioning the Monarchy about their personal holdings and business. This is true for most of Europe's royalty, whether enthroned or not. The wealth of the Monarchies is held outside of the countries that made the wealth. Estimated at \$35 trillion, the offshore banks for the British Crown holds the greatest personal wealth in the world. Perhaps the British Crown still owns and controls its 53 Commonwealth Nations, including the American "colonies."

Monarchies are not supposed to be warlord bankers who create conflict and chaos to turn a profit or destabilize an economy for personal gain. But they have been doing just that for some time now, and history reveals a string of immoral wars that were ultimately either created or caused by monarchies, the Vatican and other religions. Untold millions have died while kings and popes lived on to grab the wealth through well-established institutions that were created explicitly to control the commoner.

The Commonwealth of Nations, headed by Queen Elizabeth II, is made up of 53 nations, spanning the globe, accounting for one-fifth of earth's land mass, and is a very high percentage of its strategic resources and population. The Queen is a Knight of Malta and has vowed allegiance to the Pope through the largest insider trading club on the planet. The British Crown Agents are, in fact, also agents of the Vatican's Knights of Malta.

The Sovereign Military Order of Malta (SMOM) took control of the power and wealth of the Poor Fellow-Soldiers of Christ and of the Temple of Solomon from within the Roman system. The SMOM controlled the Vatican's banking and military power for hundreds of years through the first central bank, the Vatican Bank.

Aided by Napoleon Bonaparte, the Roman Catholic priestly order of the Jesuits (Society of Jesus) subordinated the SMOM in 1798. This would eventually lead to installation of British control over the Island of Malta by the Jesuits and the founding of a Jesuit College manned by British Jesuits. However, the Jesuits became somewhat crippled by this suppression in Catholic controlled Europe, so in order for the Jesuits to secure South American wealth they used Protestant banking houses and formed an alliance with the Venetian influences over Britain like the Pallavicini family who control the Monarchy and the Rothschild's.

In 1840, the Jesuits put the "Haus Sachsen-Coburg und Gotha" bloodline into the position of Monarchy of Great Britain. This house is known today as the "Windsor House" which still rules the UK and the Commonwealth Nations. The same fate would eventually happen with the Vatican itself after suppressing the Jesuits in 1773. The Jesuit Order took control of the Papacy by 1814 and had enacted revenge once again for their persecution.

The Order of Malta and the recognized protestant divisions all play a role commanded by the Jesuit Order. This includes The Most Venerable Order of the Hospital of Saint John of Jerusalem controlled by Queen Elizabeth II. If you look at the last few Grandmasters of the

Order of Malta, you will notice that they came from Britain. Former-Grandmaster Andrew Willoughby Ninian Bertie was a cousin to Queen Elizabeth II and originated within the Grand Priory of England. The British arm of the Order of Malta controlling St John's Wood is known as the Grand Priory of England. This location was also once a Knights Templar headquarters in Great Britain. The Order of Malta even owned Londinium (The City of London). The City of London was eventually rented out as their headquarters by the Order of Malta. The Jesuits took over Londinium in 1825 aided by the Rothschild family who had become the most powerful economic force in England.

When you take a look at many of the influential positions of power today, whether it is in banking, military, pharmaceutical or intelligence, you will always find the impact of the Knights of Malta existing within leadership positions.

The Knights of Malta are mainly involved in working for and with the Black Nobility (royalty without an active throne), the Vatican, and the various Papal and Royal Orders, especially the Jesuits who are ultimately in control of the Vatican and the Military Order of Malta. The SMOM's most powerful controlling inner-cores are the Order of the Garter and the Pilgrim Society which are controlled by the Queen.

When you look at who controls the financial world you will find it is the Equestrian Order of the Holy Sepulcher of Jerusalem, Order of Malta, Opus Dei through the City of London Corporation, The Worshipful Company of Mercers and more recently The Worshipful Company of International Bankers.

“One third of all world wealth is held offshore, and about half of all world trade flows through those tax havens.” – The Tax Justice Network

James S. Henry, former chief economist at McKinsey & Company, estimates that wealthy individuals have approximately \$35 trillion in private financial wealth tucked away in offshore havens with \$6.1 trillion in UK dependent states.

As a result of this offshore accounting, it is estimated that 60% of global trade now consists of internal transactions within multinational companies. In total, it is estimated that this complex corporate offshore multinational accounting corporations avoids paying about \$240 billion per year in taxes.

The City of London, UK is now the money laundering capital of the world with UK firms aiding corrupt officials and criminals from across the globe to hide trillions of US dollars of ill-gotten gains. Since the year 2000, British-based banks have helped hide more than \$6 trillion in nefarious payments and criminal proceeds.

The Cayman Islands also benefit from the added support of being a territory of the United Kingdom. The Caymans offer a number of tax-free incentives with little financial regulation and oversight. Today the country is the world's fifth largest financial services

center. It plays host to over 10,000 mutual funds, over 200 banks, over 90,000 companies, and 140 trust companies. It's the world's top home for hedge funds and captive health insurance companies. Hundreds of U.S. corporations held cash reserves in Cayman Island banks during the eight years of the Obama administration. Under President Trump's tax bill, repatriation of those billions could be done at a lower tax rate, plus investment in U.S.-based operations, whereas prior corporations paid a corporate tax rate of 39%. The lower corporate tax rate was an incentive to re-invest in the U.S. economy.

Bermuda is another piece of UK territory that has long been known as a tax haven. Bermuda's tax system puts taxes on staff payrolls, but not on corporate earnings or investment income. Its largest customer for offshore transactions is the United States.

Guernsey belongs to the British Crown but makes its own laws on matters such as taxation. The island of 65,000 people has made a big push towards being an offshore finance destination, and its main street is lined with private banks, law firms, and accounting firms.

Jersey is another small British Crown dependency in the English Channel. Jersey prints its own banknotes and makes its own tax laws. A culture of secrecy and non-disclosure in the island has resulted in Jersey housing an estimated \$5 billion dollars of wealth per square mile. Half of Jersey's tax avoidance trade comes from the UK.

Using the first major corporation in England as their model, the British East India Company, warlord bankers start wars for profit. Slavery and the looting of mines, gold, diamonds, minerals, and land is all in a day's work for an imperialist. England's imperialism has worked into the economic and banking practices worldwide and the Queen's Crown Agents and Agencies have controlled global resources for centuries.

There is a linear connection between the Rothschild's, the Bank of England, and the London banking houses which ultimately links the stockholders of the Federal Reserve Banks to their subsidiary firms in New York and The City of London, UK. The two principal Rothschild representatives in New York - J. P. Morgan-Chase Co., and Kuhn, Loeb & Co. were the firms which set up the Jekyll Island Conference at which the Federal Reserve Act was created and directed the subsequent successful campaign to have the plan enacted into law by Congress, and are the firms who purchased the controlling amounts of stock in the Federal Reserve Bank of New York in 1914.

In 1914, these firms had their principal officers appointed to the Federal Reserve Board of Governors and the Federal Advisory Council. A few families (blood or business related) owning controlling stock in existing banks in 1914 and caused those banks to purchase controlling shares in the Federal Reserve regional banks. Examination of the charts and text in the House Banking Committee Staff Report of August, 1976 and the current stockholders list of the twelve regional Federal Reserve Banks show this same family control today.

To see what connections they might have to the British Crown’s investments, let’s look at the top shareholders of the top military contractors for America, who we call the Corporate or Bankster Warlords:

Vanguard Group	State Street Corp.	Capital Research Global Investors
Barclays Bank Plc.	T. Rowe Price Group, Inc.	Templeton Investment Counsel LLC.
Capital World Investors	Bank of America Corp.	Schroder Investment Mgmt.
JPMorgan Chase & Co.	Black Rock Advisors	Bank of New York Mellon Corp.
Black Rock Fund Advisors	Old Republic International	Wellington Management Co.
FMR, LLC.	Invesco Ltd.	BlackRock Institutional Trust Co., N. A.
Franklin Resources	Goldman Sachs Group Inc.	Evercore Trust Company, N. A.
BlackRock Investment Mgmt. (UK) Ltd.		

What is worth noting about this list is that you can find some of the usual suspects: Rothschild’s, Rockefeller’s, Morgan’s, Warburg’s, and the rest of the Bankster Warlords behind some of these names.

To make things even more complex, so that we can never figure out who is in charge, every one of these corporations owns major shares in every other corporation. They are intertwined like a grape vine. If we look closer we find that every one of these corporations conducts international business and is invested in international military ventures. Federal Reserve stock can never be sold outside of the original members of the Federal Reserve.

This type of “corporate warfare” is transnational. It is beyond being international or global. These companies work outside the control of America as a nation and have stronger ties to Britain than to America. They work against Americans with their transnational economic warfare and make money from both sides of any conflict.

Essentially, these British and international corporations are war criminals just like Henry Schroder, the Brit who funded both Hitler and England. This type of banking warfare has been common throughout British history.

The Crown’s Money-Making War Machine enslaved the world through war and reconstruction costs following wars. Essentially, all the conspiracies about the Queen of England have some merit after following the money back to the warlord bankers who set up the U.S. Federal Reserve. But unlike most conspiracy theories suggest, the Federal Reserve regional banks are not the true culprits. The true culprits are the original investors in the corporations, listed above, who serve the military through all types of wars – physical conflicts, cyberwarfare, and economic terrorism.

It is the interwoven fabric of the investments of the war-supporting corporations that have created a system that is inbred and tied to Britain... and then to Rome. Simply through the association of the royal families of the world who are members of the Knights of Malta you have an economic intelligence community that is comprehensive insider trading at a

transnational level. The monarchies must protect their financial interests and pass wealth onto their family members. That is why so many of the richest families intermarry – to keep it “all in the family.”

The richest and most powerful people in the world belong to the Knights of Malta, the Equestrian Order of the Holy Sepulcher of Jerusalem, the Order of the Garter, the Teutonic Knights and other orders that vow allegiance to the British Crown and subsequently to the Vatican. If we wish to broaden the perspective, one can add that the Society of Jesus, the Jesuits, are involved at all levels and have worked tirelessly as the soldiers of the pope to create the ultimate “insider spy network” for the Vatican Bank.

The UK has many private intelligence agencies who are devoted to the collection, analysis, and exploitation of information for a profit. Christopher Steele, the author of the “*Carter Page Dossier*” was a former British spy, which shows you the unethical nature of “British spying.” Sixty3, Orbis Business International, Cambridge Analytica, and many other British private intelligence agencies sell propaganda as intelligence. Often these corporations have private contracts with the U. S. military and government and maintain top secret security clearances with the United States. Britain has not shown itself to be “honest spies” as is evidenced in the Iraq “weapons of mass destruction” lies and the current British disinformation coming out of Syria.

Some \$56 billion or 70% of the \$80 billion national intelligence budget of the United States was earmarked in 2016 for the private sector. Functions previously performed by the Central Intelligence Agency (CIA), National Security Agency (NSA), and other intelligence agencies are now outsourced to private British intelligence corporations. Some prominent British intelligence agencies who maintain military and government contracts with America are:

- AEGIS (UK-based)
- Black Cube (Israel & UK-based)
- Control Risks Group (UK-based)
- Hakluyt & Company (UK-based)
- Oxford Analytica (UK-based)
- Serco Group PLC (UK-based)

Can we really trust intelligence from a country that has provided false intelligence many times in the past? It was British intelligence itself that spied on Trump from the NSA’s headquarters in Fort Mead, MD. “Fool to me once, shame on you. Fool to me twice, shame on me.” (Randall Terry)

Who really owns and runs the Bank of England? When the Jesuits were suppressed by the Pope in 1773, they used their covert power over England to have the Rothschild family become guardians over the Jesuit’s South American stolen wealth instead of depositing it in the Vatican Bank. This action started a banking war between the Vatican and the Jesuits who

used the Rothschild family as the anti-Vatican Bank. The Rothschild's eventually became the guardians of the Jesuit treasury in The City of London, UK. The Rothschild's used The Worshipful Company of Mercers to create the Bank of England which now held the Jesuit wealth stolen from South America. The Bank of England's efforts were focused on taking over The City of London, UK from Vatican control.

The Knights of Malta have never been favorites of the Jesuit Order. This hatred of the Knights of Malta increased even further in 1768 when the Knights removed the Jesuits from the Island of Malta. Using Napoleon, the Jesuits sought their revenge one year later in 1798. The Jesuits subordinated the Knights of Malta in the same year and that was the true start of the take-over of The City of London, UK which was still ruled covertly by the Knights of Malta.

If you look at St. John's Wood where the Order of Malta is based, you will see it is the old haunt of the Knights Templar in England since the time that The City of London, UK became a sovereign Nation. If you look at one of the four of the most powerful Order of Malta headquarters in Rome, you will see that the Aventine Hill is another old Templar haunt which was their original World

The control of the Bank of England through The Worshipful Company of Mercers is what controls the global economy. The U.S. economy is fully controlled by the Mercers and Bank of England and has been since 1868. The City of London, UK controls the U.S. Economy through the Royal Institute for International Affairs (RIIA) which subsequently controls the Council on Foreign Relations (CFR). The CFR has set U. S. foreign policy since its inception in 1921 at the behest of the Rockefeller family.

The City of London, UK subsequently controls the Federal Reserve of New York, the World Bank, and the International Monetary Fund. The City of London, UK controls the U.S. Treasury monetary policy which commands all three of those globalist organizations through the Exchange Stabilization Fund.

The British Crown and the British East India Company have never left America, and in fact, the Crown Agents still do their business to this very day. They have a death grip on the U. S. economy. From data management, to corporate banking, to the rip-off of America's resources of gas, uranium, gold, and every other valuable asset in the United States, American wealth feeds directly into Britain, the Bank of England, The City of London, UK, and ultimately to the British Monarchy – Queen Elizabeth II herself.

The American corporate mechanism for the continued enrichment of the British Crown is the same one used for the corporate sell-out of the American Republic: corporate lobbyists controlling Congress, corporate pay-to-play through the executive branches (Department of State, etc.), and the Senior Executive Service (SES) to maintain the bureaucratic status quo that sells out to global corporatism at every turn with no-bid contracts and cronyism that clearly shows that we are subjects of the British Monarchy.

The expression “deep state” or “shadow government” really refers to the “Senior Executive Service”; it hides in plain sight, but operates in a manner that aligns with the imperialistic intents of SERCO and the numerous other corporations like British Petroleum, Shell, ICAP, British American Tobacco, SABMiller, American Standard Life, Rio Tinto, and Ixstrata among many others.

A Crown Agency was an administrative body of the British Empire, distinct from the Civil Service Commission of Britain or the government administration of the national entity in which it operated. These enterprises were overseen from 1833 to 1974 by the Office of the Crown Agents in London, thereafter named the Crown Agents for Overseas Governments and Administration. Crown Agents for Overseas Governments and Administrations Ltd became a private limited company providing development services in 1996.

Crown Agencies nominally reported directly to (and were wholly owned by) the Crown, but in practice, reported to the Crown Agency Office in London, thus they were independent of the Colonial Office. In the late 19th century, this office became the sole official British commercial and financial agent of all British protectorates and Crown colonies. The Colonial Office enforced a policy of sole usage of crown agencies for all purchases of goods for government use, thereby creating a virtual monopoly over government retail supply within the colonies of the British Empire.

The Crown Agencies also became financial institutions, supplying capital, routes for investment, and pensions to all public works and government in British dependent colonies. Is it even reasonable to believe that after the American Revolution, American companies did not continue to do business with these crown companies for resources, goods and services? Life went on.

Crown Agencies trace their founding to the time of the British Empire and in 1833 the British government, hived off from the Colonial Office as a financing, stores, transport, and development office. Historians have argued that crown agencies, whose organizations operated across the British Empire in the late 19th and early 20th centuries were the de facto administrators of British colonies. Crown Agencies wielded governmental powers through a maze of British territories, protectorates, dependencies, Mandates, and Crown Colonies which made up the British Empire of the late 19th century. After this, their mandate was reduced to “dependent” colonies (most of British Africa, India, and the West Indies), but they were given near monopoly rights over finance and supply of non-local manufactures for any public or government use. With the dissolution of the British Empire, many of these agencies reverted to control by their respective governments, became parts of the British government, or became non-governmental organizations (NGOs).

The British government incorporated the Crown Agency as a government mandated corporation tied to the Minister of Overseas Development, called the Crown Agents for Overseas Governments and Administration. In 1997, the Crown Agency was privatized. As a private limited company, the (CAOGA) has a number of contracts to provide governmental or

para-governmental services throughout the world. Even though these organizations were “privatized” on paper, the power generally did not shift, it merely transformed into shareholder holdings and boards of directors. The term “Golden Share” developed to describe special rights given to the Queen in a stock company that gave her special preferential rights over voting and profit distribution—and thus ultimate control—like she had before.

For example, while privatization allowed more shareholders, the Queen generally continued to control votes and profit distribution in wild disproportion to her single 10 pence voting share (Golden Share) in the mining mega company Rio Tinto PLC. In addition, whenever one sees that British royalty populate a company’s board of directors, remember that these are people who pledged an oath of allegiance to the Queen first, company second.

The legal category of crown agencies still exists in some nations of the former British Empire. In most places, these have been replaced by government agencies, state-controlled companies, and (in parts of the Commonwealth) Crown Corporations. Canada and New Zealand maintain the category of government managed or owned entities called Crown Agencies.

Crown Agents International (CAI) is an international development company that works with governments, aid agencies, NGOs and companies in nearly 100 countries. Through consultancy, supply chain management and financial services, they help countries grow their economies, strengthen their health systems and improve financial management. CAI is headquartered in Sutton, Surrey but has an established network of international offices, project offices or representatives in 40 countries.

CAI is one of the world’s leading experts in public procurement and supply chain management and they provide financial services to facilitate development, focusing on international payments and cash management, trade finance and investment management for donors, NGOs and financial institutions.

The following descriptions of the corporation, Crown Agents USA Inc., are taken from their website, found at: <http://www.crownagents.com/about-us/our-clients/us-government>

Our story begins in the 1700s, when colonial administrations employed agents to recruit people and procure and ship supplies to the colonies. Some agents had been authorized to manage British Treasury grants and they had become unofficially known as crown agents.

On April 1, 1833, the British government appointed the first Joint Agents General for Crown Colonies, George Baillie and Edward Barnard. Although appointed by the British Treasury, the Joint Agents General were accountable only to the governors of the 13 crown colonies that they served. They managed grants, raised capital, recruited personnel and shipped supplies for their clients.

Since our incorporation in the United States, we have provided technical assistance services and support to U.S. Government agencies, including the United States Agency for International Development (USAID), Millennium Challenge Corporation (MCC), Department of State (DOS), Department of Defense (DOD), and the United States Trade and Development Agency (USTDA).

We are an international development company that partners with governments, aid agencies, NGOs and companies in nearly 100 countries. We help countries grow their economies, strengthen their health systems and improve financial management. We have permanent offices in 22 countries and a presence in another 18 through our project offices and representatives.

We are a limited company owned by a non-profit-making foundation. The Crown Agents Foundation is our sole shareholder and oversees our ethos and activities. The Crown Agents Board is responsible for the company's corporate governance. We were founded in 1833 and operated as a British statutory corporation for many years before being privatized in 1997."

The list of Knights of Malta continues. Look up the Knights of Malta membership list on Bing and see for yourself. Hopefully you can now finally understand how these Masonic labor Zionists are controlled by the CFR (Council on Foreign Relations) and the TRILATERAL COMMISSION (TLC) which are totally controlled by the Archbishop of NY and High Jesuit, Stephen O'Hare? First it was Edward Egan, and now Timothy Dolan oversee the U.S. Jesuit hierarchy in the U.S.! The Archbishop of NY is the HEAD of ALL USA Knights of Malta and Knights of Columbus and the Supreme Council of the 33rd Degree Freemasons! Working closely with all the other Archbishops like the Archbishop of Washington; and by controlling the Red Mass (Justices for Supreme Courts) and the Blue Mass (Police Force) Jesuits and Freemasons, the Vatican has a powerful control of the law enforcement and justice system. This was most evident in the murder and cover-up of Supreme Court Justice Antonin Scalia in February, 2016.

The web site "*Veterans Today*" posted the true story details and virtually instantly, within a matter of less than three or four hours, the report was expunged from its site, the story disappeared completely for nearly a year. The sordid details and embarrassment showed Justice Scalia was a pedophile, murdered by a 13-year old "rent boy", that went tragically wrong. The Justice was known to accept vacations as gifts of benefactors. The rural Cibolo Creek, Texas-ranch where he was murdered was a known out of the way host of homosexual vacations. Justice Scalia was known to also have overseen the appointment of judges assigned to ruling on homosexual cases. More than a year passed before the full details of the Scalia-murder finally was revealed. Judge Anthonin Scalia was pictured as a devout Catholic, father of eight, a member of Opus Dei, a Jesuit, educated at the Jesuit-Georgetown University, graduated at the top of his class. The full power of the Roman Catholic Institution was brought to bear for the purpose of shutting down the truth in this story. This, without question, is an excellent example where God has turned the tables on

exposing the evil and corrupt example of a U.S. Supreme Court Justice, a pedophile and as one who delegates judges to hear cases against sexual crimes against children.

Without the Internet, this story would have remained obscured and be buried by time and on-going changing headlines in the media. It can be stated without equivocation, that every story I share in this series would not be known outside of a small circle of very well-connected people were it not for the Internet. Many years ago, I took a week out to do research on President Kennedy's assassination at the Library of Congress in Washington, D.C. I was already in D.C. on business working the McGraw-Hill book publisher tables at the American Geophysical Union Convention held yearly in D.C. I used a week of vacation time and concluded that I would need months to do what I needed to do in the way of research.

Again, the importance of the Jesuit-Vatican control illustrates how the highest offices of government are controlled by the Jesuits of Georgetown and Fordham Universities, who are then controlled by the 10 Jesuit Provincials. Cardinal Avery Dulles WAS even more powerful than Thomas Smolich is NOW. Thomas Smolich is the Jesuit liaison between Rome and Jesuits around the world. Cardinal Avery Dulles was the son of John Foster Dulles, a Jesuit graduate of Georgetown University, brother of Allen Dulles and was once CIA Director. Jesuit Cardinal Avery Dulles died in 2008. High Jesuit, James E. Grimmer and High Jesuit, Stephen O'Hare who presides over the CFR are the head of the CFR. All are overseen by the Jesuit Superior Generals! These are the historical facts.

The Knights of Malta are the lay branch (non-clergy) of the Jesuit Order! *"The Knights of Malta is a world organization with its threads weaving through business, banking, politics, the CIA, other intelligence organizations, P2, religion, education, law, military, think tanks, foundations, the United States Information Agency, the United Nations, and numerous other organizations. The world head of the Knights of Malta is elected for a life term, with the approval of the Pope. The Knights of Malta have their own Constitution and are sworn to work toward the establishment of a New World Order with the Pope at its head. Knights of Malta members are also powerful members of the CFR (Council on Foreign Relations) and the Trilateral Commission."* – Quoted from *"Behold a Pale Horse"* by William Cooper

The list below is a limited list - the first section only shows Americans and only those who are not members of the Roman Catholic clergy. I was able to locate the identity of the not so famous members from Wikipedia. I figured everybody should know the more famous names so I didn't include a description for them.

Some of these people are known as Jews (like Alan Greenspan) or as members of a Protestant church (like the Bush family)! Most people would not associate them with a Roman Catholic organization.

- George W. Anderson – Admiral in the United States Navy
- James Jesus Angleton – Chief of the CIA's Counter-intelligence Staff from 1954 to 1975
- Samuel Alito – Associate Justice of the Supreme Court

- Joe M. Allbaugh – President George W. Bush’s Director of the Federal Emergency Management Agency (FEMA)
- Michael Bloomberg – 108th Mayor of New York City
- John Robert Bolton – 25th United States Ambassador to the United Nations, and now President Donald J. Trump’s new National Security Adviser.
- Charles Joseph Bonaparte – 37th United States Secretary of the Navy and father of the FBI.
- Pat Buchanan – Senior advisor to American Presidents Richard Nixon, Gerald Ford, and Ronald Reagan
- William F. Buckley, Jr. – American conservative author and commentator
- George H.W Bush – 41<sup>st</sup> President of the USA
- George W. Bush – 43<sup>rd</sup> President of the USA
- Jeb Bush – Governor of Florida
- Prescott Bush, Jr.

Pope Francis took over control of the Knights of Malta in 2017, deposing the existing head of the Order. Pope Francis has ordered the Knights of Malta destroyed for their loyalty to President Trump after CIA spies were arrested in Russia. In what can only be described as one of the most significant historical events to occur in over 700 years (since 1305) when Pope Clement V ordered the annihilation of the Knights Templar, a new Security Council (SC) report circulating in the Kremlin states that Pope Francis has, likewise, ordered the total and complete destruction of the Order of Malta (Knights of Malta). This was just hours after the Federal Security Service (FSB) formally announced that it had captured and arrested two US Central Intelligence Agency (CIA) linked spies for treason. They were under the co-direction of the CIA and the Vatican and were responsible for creating the “Russia won the election” myth that was developed to discredit the legitimacy of the Freemason leader, President Donald Trump.

With Pope Francis ordering the Knights of Malta to expel all Freemasons from their ranks for their having supported Trump, this report continues, the Knights of Malta fired back at the Pontiff in what is described as an “extraordinary rebuke” ordering the Vatican to stay out of its affairs—and to which Pope Francis then retaliated by firing the international Knights of Malta leader Grand Master Fra’ Matthew Festing.

Angering the Knights of Malta even further toward Pope Francis, this confidential report explains that the Vatican is being complicit with the CIA in the arrest of two Freemason spies who uncovered the many links between Hillary Clinton, George Soros and other globalist factions seeking to destroy Freemason leader Trump.

Though these two Freemason spies were arrested in Italy under the direction of the Vatican and CIA, they are now in “black operations custody”, this report notes, immediately prior to their being captured they were able to electronically transmit information they had obtained on the plot to destroy Freemason leader Donald Trump to the Russian Foreign Intelligence Service (SVR)—who in turn joined with the FSB and created an intelligence operation that captured the CIA causing the January 13th cyber-attack on Washington D.C. that they intended to blame on Russia.

Along with this joint SVR-FSB intelligence operation uncovering the CIA plot to launch a cyber-attack upon their own nation, this report continues: it also unmasked two CIA paid operatives who were, working on this plot to destroy the Freemason leader, Trump by the creation of the “Russia won the US election” myth. CIA-agents Ruslan Stoyanov, the head of Kaspersky Lab's investigations unit, and Sergei Mikhailov, a division head of the FSB, both of whom are now under arrest and charged with committing the grave crime of treason against the Russian Federation.

Upon learning that two of his CIA-Vatican spies were arrested in Moscow, this report says, Pope Francis erupted with “demonic anger”. It became so great that he ordered the destruction of the Knights of Malta because of their support for Freemason leader Trump—thus provoking other high ranking Catholic Church officials to warn the Pontiff saying that: *“If the Holy See can so brazenly insert itself into the internal governance of another sovereign entity whose legitimacy stems from a mutual agreement under international law, it now has no legal defense should another sovereign body, say the government of the Italian Republic, chooses to view the independence of the Holy See as a similarly anachronistic formality.”* The sources of my information come from a wide variety of Vatican watchers, insiders who leak newsworthy content to the media, and assorted independent and Traditional Roman Catholic sources. The world is largely unaware of the internal war that exists between the Traditional Catholics and the post 1965 Vatican II Jesuit-agenda group that has managed a take-over of the Vatican.

Most critical to note about this historic “civil war”, this report explains, is that it has pitted the “demonic Anti-Christ globalist forces” led by Pope Francis against the Freemasonic “nation state” forces led by President Donald Trump, and whose combined Knights Templar-Freemasonic “alliance master plan” is to retake control of America, and hence the world, by June 24, 2017—which is the 300th year founding of the Freemasonic Lodge in London that not only created the United States during the American Revolution, but also, destroyed France’s monarchy during the French Revolution as well.

Aiding Freemason leader President Trump in his bid to retake control of America, this report continued, is none other than the United Kingdom—whose citizens are still in shock after the CIA released a stunning list prior to the US presidential election of over 2 million secret Freemason members in Britain showing how they have totally controlled that nation since, at least, 1733.

So powerful, in fact, have the Freemasonic forces in Britain become, this report notes, they have masterminded their nation’s exit from the European Union (Brexit) just prior to Trump’s becoming president in a bid to unite the Freemason forces in the UK with those in the US. Prime Minister Theresa May officially began with her stunning publication of a bill allowing her government to trigger Article 50 (the formal process for leaving the EU), and this just hours before she meets with President Trump. What the public does not understand is that Freemasonry rules the UK, the Commonwealth of Nations, and the Masons, are in turn, controlled by the Jesuit-Vatican.

Also note that prior to his meeting with Prime Minister May this report says, is that Freemason leader President Trump has launched another attack against Pope Francis by telling the Vatican globalist who is supporting Mexican President Enrique Pena Nieto that unless his Catholic nation pays for the border wall, Trump will refuse to meet him.

With Freemason leader President Trump using his new alliance with Prime Minister May to further drive a wedge into a fractured Europe, this report continues, Security Council

intelligence analysts are agreeing with US experts when they say that the Trump-May “combination of power” is beginning to resemble that of the 1980’s alliance between President Ronald Reagan and Prime Minister Margaret Thatcher.

Of note, the most critical aspect of the Freemasonic forces led by the Reagan-Thatcher collaboration this report explains, was the combining of their forces to stop the CIA globalist-led plot allowing Argentina to invade the sovereign British territory called the Falkland Islands, imprison and then relocate all their UK citizens to Scotland — but President Reagan ordered the US military to stop, including his secret agreement with Britain to loan them a powerful American warship if their aircraft carrier was lost during the war.

Unlike in Europe, especially France, where Freemason forces are feared, this report concludes, in America today, this nation’s citizens have absolutely no idea that this historic war is going on all around them - but that cannot be said of their ancestors, who in 1828 formed the Anti-Masonic Party to stop them from taking power, but who just a year later, in 1829, were totally defeated by Freemason forces loyal to America’s First Grand-Master President Andrew Jackson, whose portrait Freemason leader President Trump ordered immediately installed in the White House Oval Office upon his taking power! By President Trump’s placing a portrait of President Andrew Jackson in the Oval Office, he was sending a message that he, President Donald Trump is planning to replace the Federal Reserve System. Trump often communicates by using hidden messages in “plain sight” as does the anonymous intelligence source known as “Q”.

*"The Knights are your CIA, your politicians, your lobbyist, your previous, present and future presidents," Google tells us. "They are the most powerful group known to man. They are the agents of the dark lord." -(Evgeny Lebedev, Owner London Evening Standard)*

The Order's home is on the Via Condotti, a short distance from the Spanish Steps. The building is part of the bequest it maintained after being forced from its stronghold on Malta by Napoleon at the end of the 18th century. Homeless and largely impoverished, the remaining knights wandered Europe for decades before settling on Italian shores and decamping to their old embassy, which has been the Order's Headquarters ever since.

All the trappings of a glorious theological order are here: a Renaissance palazzo; rooms holding oil portraits of kings, queens and emperors; a display case filled with ancient swords; and, in its own chapel, a site of such opulence that it is where King Juan Carlos of Spain was baptized by the then future Pope Pius XII.

Evgeny Lebedev, Owner of the London Evening Standard was invited to the home of the infamous Knights of Malta some time before Pope Francis deposed the Head of the Knights of Malta. He shared a view in contrast to what is known from intelligence circles outside the public image of the Knights of Malta. *"But if the internet fantasists were to gain access to the Order's inner sanctum, they would be gravely disappointed. There is the occasional aspect to get their pulses racing – not least the prevalent heraldry and ever-*

*presentness of minions in their uniform of black tails and scarlet waistcoats – but this is no James Bond bunker. Rather, its tone is musty Oxbridge college, complete with wood-paneled rooms and bookcases filled with dusty tomes. There are even the obligatory pigeon-holes in the porter's lodge for letters.”*

*“The Knights are suitably donnish: cerebral, greying and rather rambling in nature. The minions were occupied by serving tea in china cups not – at least while I was there – administering kung-fu chops. The 21st-century incarnation of the Knights of Malta, I can report, is far more Rotary than Hellfire Club.”*

*“Grand Master Festing, in particular, is no Bishop Manuel Aringarosa, the power-crazed bishop who heads Opus Dei in Dan Brown's The Da Vinci Code. Born in Northumberland, the 63-year-old resembles the bookish art expert he was until elected head of the Order in 2008, having spent most of his professional life specializing in 17th-century European paintings at Sotheby's North of England office.”*

*“On the day I meet him, he's badly afflicted by a chill caught on a visit to the Order's aid projects in Naples, and it seems absurd to compare him to a crusader, as he himself cheerfully admits.”*

*"If you reacted to everything you read you would go mad," he said. "Four or five years ago, there was an Al Jazeera programme with pictures of the Knights of Malta and what we do. One minute there is us looking after refugees, then the shot from El Cid, a lot of people on horses charging, and then a lot of American tanks charging along. It is something you just have to put up with."*

*“The centuries spent in Malta gave the Knights not only their name, but their reputation for power and prestige. The world's oldest surviving chivalric order, it was initially founded in the 11th century by Amalfian merchants in Jerusalem as a monastic order to tend to Christian pilgrims in the Holy Land. They evolved into a fearsome military machine and, after the fall of Jerusalem, at the Vatican's request, they turned Malta into a fortress against the Ottoman horde, most famously when it held out against the full might of Suleiman the Magnificent in 1565, and thereby helped 'save' Christian Europe.”*

*“That former territorial ownership means the Knights still have a rather unusual status. Although not a state like the Vatican, the building on Via Condotti, as well as the Order's other site in Rome, a priory on the Aventine hill with its own Piranesi chapel, is officially an independent territory, giving the Knights observer status at the United Nations in a similar manner to the Palestinians. They even have their own passports, postage stamps and, in many parts of the world, ambassadors, who are granted full diplomatic status.”*

*“Turning its back on its militaristic past, the Order has used this influence to find a new purpose, by going back to its hospitaller roots. The 118,500 members, employees and*

*volunteers are now in the charity business, working or supporting aid projects in some 120 countries on an annual operating budget of more than £150 million."*

*"Haiti, the Democratic Republic of the Congo, and most recently the Philippines, have all been recipients of its emergency relief. Most recently, it even started projects in Turkey, many of which support Syrian refugees, meaning that the eight-pointed Maltese Cross has returned to the modern incarnation of its old enemy."*

*"We have this huge organization, but what it does is try to give help where there is need," Festing tells me. "This involves reacting to all sorts of crises: refugee situations, or help for those who have been wounded in war or caught up in natural disasters. We are also trying to improve lives in places of great deprivation, particularly in central Africa and south-east Asia. There you find lack of water supplies; diseases that you thought were done away with, like tuberculosis. The other thing is in Europe, where you can have great disparities of income. You have help given to street children, old people. I like to think they are pretty useful things we do."*

*"In the basement of their HQ is not a catacomb, but a hospital clinic; one of a network – often run with local partners – it has across the world. The one in Naples, for example, treated some 4,300 people last year."*

*"In Lebanon, we have a joint program with the Shia," the Grand Master explains, "so [we] have Muslim ladies working in our clinic. In Egypt, we work closely with those treating leprosy. The work we are doing with the Syrians is with the Blue Crescent. How soon we can get into Syria, we don't know. At the moment it is impossible. It is in such a chaotic state."*

*"One of the things we always do is try to ensure our contact with these countries is very non-political. This is extremely important. For example, in Myanmar, when a cyclone hit four years ago, we had people there, but various other people, such as the Americans, were sent packing. We have seen the same elsewhere."*

*"Not that this hospitaller's life is without its trappings. The Grand Master is officially classed as a prince, and has the status of cardinal within the Catholic Church. The Order even has its own black robes that are worn for ceremonial occasions. "Tradition is a good thing," Festing says of such iconography, "provided, of course, you don't become enslaved to it."*

*"He regularly meets the Pope and was close to Benedict XVI who, despite his public persona, Festing says had a great sense of humor. "If you say something funny he laughs, and he can also make funny remarks about things. It's rather charming. But Benedict was certainly more formal than the new Holy Father."*

*"His approach is different because he's a different man. He's very much a pastoral bishop, who is where he comes from, and of course Pope Benedict is very much a theologian. Yet I think*

*fundamentally they are very, very similar. I don't think we'll suddenly get a change of direction in some amazing way."*

For centuries, Knights were required to take a vow of poverty, chastity and obedience. Today, only obedience is required, and the Knights are no longer drawn solely from the ranks of Europe's nobility.

*"But the international-string-pulling, behind-the-scenes world order? Sadly not, I am told. "You will always have someone saying this or that," Festing says. "The weight of history does not impede us, but there is never a moment when somebody, particularly Arab journalists, are not saying, 'Ahh, the crusaders are back'. Occasionally we react and say we are not really crusaders any more, and so on. But we try to remain calm. We know our true function and we are pretty proud of that. About the rest of it, you try not to pay too much attention to it."*

Evgeny Lebedev is the owner of the Independent titles and the London Evening Standard. His visit and interview with the leader of the Knights of Malta certainly offers a rather collegial image of a group of men supposedly powerless and living upon its ancient reputation. Researchers such as myself know this to be a fluff piece by the owner of the London Evening Standard.

The grand master of the "Sovereign Military Order of Malta" (SMOM) order is recognized as a sovereign chief of state by 41 nations with whom the SMOM exchanges ambassadors. Members of the SMOM carry diplomatic immunity, which means luggage, pouches, brief cases cross borders without customs examination. This is a major benefit for those involved in smuggling. *"The Knights of Malta were also responsible for helping thousands of the worst Nazis and members of the SS escape to freedom down these Ratlines, thus evading justice and avoiding the hangman's noose at Nuremberg."* 'PRINCES OF PLUNDER' by David Guyatt

Opus Dei is a subordinate organization to the Pope, who is in control of the Knights of Malta, and therefore there are Knights of Malta within Opus Dei. The Jesuits control Opus Dei through the hierarchy of the Pope and through the Knights of Malta. Opus Dei is composed of prominent Roman Catholic businessmen and politicians who have given themselves over to "God's work" — that's what Opus Dei means — for making the Pope the Universal Monarch of the world, ruling the world from Solomon's rebuilt temple in Jerusalem. Or at least this is the plan!

As an example of this, the former head of the FBI, Louis Freeh, was a member of Opus Dei. So, we now understand the Waco incident, where those White Protestants were killed; it was the work of the Opus Dei. And we also have to remember that one of the sharpshooters there was a Japanese Roman Catholic named Lon Horiuchi.

Opus Dei is determined to create a World Government under the Pope. Opus Dei was created in the 20th Century, whereas the Knights of Malta were created in the 11th Century,

and the Jesuits were created in the 16th Century, in 1540 specifically, with Ignatius Loyola taking the lead.

So, the super-secret Society of Jesus, the Jesuit Order is in control of the Knights of Malta and were in existence nearly 500 years before Opus Dei. Opus Dei, like the Knights of Columbus, is a subordinate organization to the Jesuit Order. It is a maniacal plan designed to gain World Control through the Jesuit Order. The elusive word "Illuminati" is merely a code-word for Jesuitism World Control.

The Order of the Garter is the secret inner group which is an elite group within the Order of St. John of Jerusalem which is the British part of the Knights of Malta. The Knights of the Garter are the leaders of the Committee of 300. They are diabolical men. Lord Peter Carrington, who is a member of the satanic Order of Osiris and other demonic groups is a member of the Order of the Garter. Lord Palmerston is an example from history of another similar example of a Knight of the Garter who was totally corrupt, pretended to be a Christian, and practiced Satanism. The titular head of the Order of the Garter is Prince Charles of Wales. All Freemasonry Lodges are subservient to the Order of the Garter. As one discovers, many of these secret societies are Protestant at the lower levels but become distinctively Roman Catholic at the pinnacle of its hierarchy.

J. Peter Grace was the head of the Knights of Malta in 1963. He was the head of W. R. Grace, and he was one of the largest shipping tycoons in the world, in control of all the shipping in South America. Grace is a powerful man, or was a powerful man, dying in 1995 at age 81..... The Knights of Malta now are located down in Florida where their new office is located. They moved from New York to Florida and they have 11 Knights of Malta on the W. R. Grace board. Guess who owns Taco Bell? W. R. Grace!

John McCone was a very powerful industrialist, and one who was part of the Military-Industrial Complex, before he became the head of the CIA. He later went on to become part of ITT. John McCone was another Knight of Malta, head of the CIA, and participated in the Kennedy assassination by virtue of being its head. And he is a Knight of Malta.

James Jesus Angleton was a Knight of Malta. Henry Luce is a Knight of Malta. William F. Buckley was a Knight of Malta. And William F. Buckley then ran the '*National Review*' -and what does he do? He blamed Oswald as the lone assassin.

Author Eric Jon Phelps states unequivocally that the Jesuits obviously wrote the Protocols of The Elders of Zion because they have carried out every protocol in that little handbook. Alberto Rivera says that it was Jews aligned with the Pope who published the Protocols. *"I tend to feel that it was just the Jesuits themselves because they and they alone, were the ones who were able to bring this to pass."*

*"They're the ones in the government. They're the ones behind professional sports. The owner of the Pittsburgh Steelers is a Knight of Malta. The owner of the Detroit Lions is a Knight of Malta. All your top owners of these ball clubs, for the most part, are Knights of Malta,*

*getting the people whooped up in this hoopla over games and sports, while they're busy creating a tyranny. So, that was one of the things in the Protocols - that they would create 'amusements'."*

*"Another one they used was Walt Disney, 33rd-degree Freemason - Disneyworld, Disneyland. Another one was Milton Hersey, with Hersey Park. They create all of these amusements and games and pastimes to get the people drunk with pleasure, while they're busy overthrowing the Protestant form of government..... the High Knights are good, dear brothers with the High Mafia Dons - the Gambinos, the Lucchese, the Columbos, all of them. And they control Hollywood, not the Jews. It's only Jews who are front-men who are involved in Hollywood and working for the Mafia and for the Cardinal, just like in politics it would be Arlen Specter. Arlen Specter was Spelly's [Cardinal Spellman's] Jew in the assassination [of President Kennedy], and he would never say a word about it." -(Eric Jon Phelps)*

Well, the Jesuits had brought in all of their top Nazi SS soldiers into the CIA because the Jesuits were using the SS to kill the Jews in Europe. When the Einsatzgruppen went into Russia, the Jesuits followed with the SS and purged Western Russia of all its Jews. That's why Stalin deliberately killed 40,000 of his best officers. That's why he kicked out his best generals, purged them, because he wanted to make sure that the Red Army would lose with the advance of the German army, because following that would come the SS and purge Russia of the Jews that Stalin so hated. And by the way, justice is often poetic because Stalin's daughter married a Jew.

*"Now, the CIA was composed of the SS. The CIA now was an arm, and the intelligence arm of the Vatican. The Knights of Malta were throughout. Casey was a Knight of Malta. Angleton was a Knight of Malta. The Knights were through and through. Angleton manned the 'Vatican desk', and that is a desk within the CIA that has a direct link to the Vatican." (Eric Jon Phelps)*

The present government of Israel was set up by the High Masonic Rothschild-controlled Jews, and Rothschild has had an alliance with the Jesuit General since 1876, and with Adam Weishaupt. This is the very same Rothschild powers who betrayed the Jews into the hands of the Nazis, killing many Jews all throughout Europe, betraying their own Jewish people. These are the very same powers that run the nation of Israel today.

Who trained the Israeli Mossad? Reinhard Gehlen. There is a very interesting paragraph by Mark Lane in his book *'Plausible Denial'* when he tells about a Jew in Israel who wrote about certain criminal Jews, involved with the Nazis, who are now with the Mossad, something along those lines. The man who wrote the article was gunned-down in front of his home. So, Rome controls the Israeli government through the Mossad.

We find that fact in John Loftus' work: *'The Secret War Against The Jews'* in the most telling detail. So what do we have? We have high-level treason and betrayal of the Jewish race; that is present there in Israel today, by their own leaders, who are loyal to Rome and

the Jesuit Order. And to show this, we have a great big Rockefeller edifice in Jerusalem; we have an ophthalmology center in Jerusalem run by the Knights of Malta. There's nothing but Knights of Malta, high-level Freemasonry, and the Jesuit Order running all of Israel today. John Loftus was a War Crimes prosecutor at the Nuremberg Trials held between 1945 and 1949 in Nuremberg, Germany.

So what's going to happen? I believe, with the Dome of the Rock is that has got to be removed somehow, someway. It's on the Temple site; it has to be removed before the Vatican relocates from the Vatican in Rome to Jerusalem. The Jews are not going to destroy that Temple site because if they do, Rome will destroy their efforts of rebuilding the Temple. And because if the Muslims control all of Jerusalem, that Temple will never be rebuilt. It has to stay in Jewish hands because the Jews need their own homeland and rightfully so. They're entitled to the nation. And they haven't had their own Temple of worship since 70 A.D. They are rightfully entitled to that.

But what they don't know is that they are being used by the Jesuits to rebuild their own Temple which they would love to have rebuilt for the Pope so he can sit there and be the man of sin, the Anti-Christ of the Book of Daniel, Chapter 9. This is the Jesuit-agenda version in this power struggle, but there is much more to this larger story worthy of a segment devoted to this coming global leader.

Why the assassination of Rabin? He wanted to give away too much. He probably wanted to give away some of Jerusalem. His partner-in-crime Shimon Peres made deal after deal with the Jesuit-Vatican by transferring large amounts of Jerusalem to Papal authority. The Jesuits will never allow that. So, his bodyguards just stepped aside and the Mossad killed him. And nothing more is ever heard.

Rome's Jesuit General's and its international intelligence community carries out all high-level assassinations, killing anybody who is against their program. Cromwell knew this, back in his day, and that's why he protected himself with 160 of his finest 'ironsides' as his bodyguards, and no one got to him. -(The Black Pope: Interview of Eric Jon Phelps).

The American Pope is the Cardinal of New York. He is the most powerful Cardinal in the United States. He is what is called 'the military vicar'. The military vicar is in command of all of the military orders within the United States - that being the Knights of Malta and the Knights of Columbus. He is also privately in command of 'the Commission' because Cardinal Spellman was an intimate of Joe Kennedy, and Joe Kennedy was an intimate of Frank Costello. Do you know what that Commission controls? It is all of the Teamster trucking and all of the supermarkets. Its power is beyond our wildest imagination - second only to the Knights of Malta. And, of course, they all control the Federal Reserve Bank!

The Cardinal controls the Federal Reserve Bank through the Council on Foreign Relations. The Council on Foreign Relations belongs to the Cardinal. During his day, Spellman was not a member of it, but two of its most powerful members were Knights of Malta: Henry

Luce, J. Peter Grace - and also William F. Buckley, to this day. William F. Buckley participated in the Kennedy assassination, just like Iacocca, another Knight. Both of those men are subject to Cardinal O'Connor and will do ANYTHING he says..... Remember that Alexander Haig is a powerful Knight of Malta. His brother is a Jesuit. Eric Jon Phelps provides the Jesuit and Knights of Malta connection in his book '*Vatican Assassins*'.

So, sure they have meetings. The High Knights of Malta, who meet in their palace on Aventin Hill, in Rome, of course, meet with the Jesuit General, and so on. Count von Hoensbroech, who was a German Noble and became a Jesuit for 14 years. He wrote a two-volume work called '*Fourteen Years A Jesuit*'. His father was a Knight of Malta. Yes, the Jesuits work in conjunction and have regular meetings with the Knights of Malta.

The Knights control the money. The Knights control the banks. They control the Bank of Canada, Federal Reserve Bank, Bank of England and they control the banking. They were the ones who were behind the sinking of the Titanic, with the creation of the White Star Line, J.P. Morgan and others. -(The Black Pope: Interview of Eric Jon Phelps).

The Knights of Malta and the Jesuits work together these days! (Truth seeker, this may seem irrelevant now, but it is important for you to be aware of this connection. As we shall see, the Knights financed Lenin and Hitler from Wall Street, also using their Federal Reserve Bank headed by Masonic Jews, Warburg in particular.) The Knights negotiated the Concordat (a Papal treaty) between the Pope and Hitler in the person of Franz Von Papen. They also helped top Nazis to escape to North and South America after World War II in the persons of James Angleton and Argentina's President Juan Peron.

In America, the Knights, with their OSS and later the CIA, were behind 'Operation Paperclip'. After World War II, top Nazis and scientists were illegally secreted into the United States. Many were placed in the top-secret military installation in Tonapah, Nevada known as 'Area 51'. The perfection of the Nazis' anti-gravity aircraft (flying saucers) was to be completed there, among other secret technologies. 'Operation Paperclip' was overseen by America's most powerful Knight of Malta, J. Peter Grace. J. Peter Grace was subject to the Jesuit-trained Archbishop Spellman, as the American headquarters for the Knights was and is St. Patrick's Cathedral in New York. Direct excerpts are from the book authored by Eric Jon Phelps called '*Vatican Assassins*'. All of what I am sharing here only became knowledge since the advent of the Internet.

Another tie in between the Kennedy's and the Knights of Malta concerns the Hospice movement. The Kennedy Institute for the Study of Human Reproduction and Bioethics (located at the Jesuit's Georgetown Univ.) is helping fund the Knights of Malta's hospice movement in America. In October, 1978, the first annual meeting of the National Hospice Organization took place. Sen. Edward Kennedy was one of the two keynote speakers. What is the hospice movement which is being conducted by the Hospitallers (one of the names the Knights of Malta go by)? It is a movement to allow old people "The Right to Die."

The Knights of Malta have an ancient history of running drugs and in administering mind altering drugs in their hospitals instead of giving medicine. This ancient activity was carried forth into modern times when their St. Christopher's hospital in London began giving patients Brompton Mixture until they died. Brompton Mixture consists of heroin, cocaine, alcohol, tranquilizers, and chloroform water. This mixture is given in the Knights of Malta hospitals to patients every three hours until they die. Euthanasia, or "mercy killing" may seem like a merciful idea, until a person finds out how the people at the top of the Euthanasia movement view things. They view things similar to the Satanist, Adolf Hitler. This view is that it is merciful to get rid of unwanted people. Although the "death" hospice movement seems benevolent at first, it is the conclusion of where the program will end up that is the kicker. Hospice, Inc. which is linked to the elite is also provided funding by the Kaiser Foundation.

In bringing this segment to a close, I hope you will realize how God has turned the tables on the dark side at work, brought about the fulfillment of prophecies cited from the Gospel of Luke in what clearly is the End of Days before God extracts the Bible-believing Christian out of this evil world. God has chosen to use men such as Field McConnell, Douglas Gabriel, and other "Truther's" to pursue the commission of Ephesians 5:11. Hang on for even more exposures! God promised it!

President Trump appointed Knight of Malta, John R. Bolton, as his new National Security Adviser on April 9, 2018. Secretary of Defense, James Mattis received incoming White House national security adviser John Bolton at the Pentagon on Thursday, and joked that he heard Bolton was "the devil incarnate."

*"Mr. Secretary, it's so good to see you. Thank you for inviting me over," Bolton told Mattis upon his arrival, as captured by reporters' microphones. "Thank you for coming. It's good to finally meet you. I heard you're actually the devil incarnate, and I wanted to meet you," Mattis joked. John R. Bolton's reputation as a "war hawk" is well-known inside the Washington Beltway, and as a Knight of Malta, you can be sure he will be a major factor in the agenda to execute a regime change in Iran. Although the Mattis' joking remarks might be perceived as being funny, the weightiness of those remarks are deadly serious. The Bolton appointment spells trouble for the Russian-Iranian relationship with Iran's stated goal to wipe Israel of the map.*
