

Season Of the Rapture

The “Threefold Witness”[©]

By Pastor Robert H. Reid

Foreword

Back in July of 2016, I was on Amazon researching the possibility of purchasing a book dealing with the topic of the Rapture. It was one of those topics that were on my to-do list and I wanted to learn more about it. As I was analyzing whether I wanted to purchase this particular book, I came across a review I felt was scripturally sound and quite detailed. It was from a pastor with a strong, theological background who recommended readers investigate a number of articles supporting a Pre-Tribulation Rapture, rather than the Post-Tribulation view endorsed by the author of the book I was about to purchase.

His comments were thorough, intriguing and definitely thought provoking. The reviewer was kind enough to leave his email with his review, along with information on the articles he recommended. I left Amazon without purchasing the book, but the review stayed with me and I found myself revisiting numerous times to re-read it. I began corresponding with the pastor and found him helpful and exceptionally knowledgeable about every topic I asked about. Believe me, I had plenty of questions, I wasn't very trusting and was in need of someone who could teach greater scholarly depth and biblical accuracy which I did not have access to! What I appreciated most was the dedication to biblical truth rather than teaching 'church doctrine'.

In my opinion, most churches often do not teach the bible per se. They tickle ears with feel good messages and preach 'religion' or the specific doctrines associated with their denomination's belief. From the largest and wealthiest to the smallest ministries, many, many religions are sometimes guilty of distorting or watering down the truth through the use of political correctness, either for personal benefit or from lack of scholarly training. Some are sincere and some are not. Some are fearful of losing members and so are reluctant to preach a sermon that could provoke discomfort. At any rate, I had been down that road two or three times too many in my lifetime. This pastor upholds biblical truths. He revealed that the bible teaches a Pre-Tribulation Rapture and that God will always deliver His faithful servants before He executes judgment on ungodly people. The more I learned, the more I became thoroughly convinced that this is an accurate scriptural understanding. Moreover, the biblical support, archeological and mathematical evidence that was provided backs this teaching up. At this point in time I knew absolutely nothing about the Rapture topic. In fact, I was preparing to go through the Great Tribulation and so had begun serious preparation to hunker down in place. This included teaching me how to grow my own food, by setting up a garden.

Pastor Bob was trained in three different seminaries and colleges and has studied the bible diligently since 1963. He reads and understands Greek and Hebrew and is a voracious reader and researcher. Prior to becoming interested in scripture, his mathematical background placed him in a uniquely advantageous spot. He is the sole surviving computer programmer of the original group of programmers who worked on a project for the University of Pittsburgh, which opened the door for the original KJV bible to become accessible to an online audience. This was before anything like that was even available online because the internet was still in its dream-state infancy. In order to accomplish this task, he had to prepare the text using computer

programming language (machine code). The task was a year-long project for these dedicated programmers. It is clear that the Lord was guiding this project for it is what eventually led him and some of the others into ministry. His teaching and writing career has spanned some 50 plus years. Preaching the Good News has become increasingly magnified in these last days because of its online accessibility. I am grateful for the Lord's guidance, and for the skills of so many like Pastor Bob who facilitated this amazing expansion of knowledge for all to enjoy through the internet.

While he was working on this assignment, his mathematical background opened the door to a discovery of unique features hidden within the languages making up the bible. Most people are unaware of this feature, but it authenticates the biblical text in a way that unveils scriptural accuracy beyond question. The fact is, these specific layers become prominently evident to those with a strong mathematical background because they are able to grasp the mathematical meaning of the messages hidden for centuries within the Hebrew and Greek text.

Believe it or not, these two specific languages are the only languages today that carry this numbering system imbedded within their alphabet. Rather than possessing a separate set of letters and a separate set of numbers, each letter carries a unique numeric value. The numeric value 'as a message' is imbedded in the lettering of the biblical text itself. This study is called "Gematria". It is the "Gematria" along with the related Heptadic value of the number "7" (the biblical key) that reveal clues concerning God's complete plan for redemption as well as identifying the timing of specific events occurring in human history. It further confirms the authenticity of the original text. In other words, through the operation of the Holy Spirit, Jesus authored the bible inspiring 40 people to record the Scriptures. (John 1:1-3; 2nd Timothy 3:16)

Pastor Bob is well educated, a prolific writer, a voracious reader and researcher and more than qualified to teach on the topic of the Rapture. You can ask him just about any question, and he can answer it with great flourish and precision using all the disciplines required to assist in the deeper understanding of scripture. I found him patient and kind. Believe me, I have spent hours talking to him via email over many months while learning what he has to teach; I picked his brain almost daily! In the process, I have gained a wealth of knowledge and understanding that would have taken me years to acquire. Had I known then what I know now, I would never have spent such a tremendous amount of time and money prepping for an eventuality I will not be subjected to! Furthermore, I might not have discovered "Gematria". What I needed to understand right now with regard to so many important teachings related to the Pre-Tribulation Rapture was provided through the grace of a loving God who directed me to Pastor Bob. The importance of the 'key' might have eluded my understanding for some time, but Jesus knew I urgently needed that information to build faith and understanding. I know in my heart that the Lord answered a prayer for me the day I read Pastor Bob's review at Amazon for a book I would never need! For me, the message was critically urgent. There was no time to spare and it continues to remain a crucial message now for all mankind as we approach the 2017 fall season just a few short months from now. The Lord knows what we need even before we ask for it. -(Matthew 6:8).

As time progressed, one thing led to another and before you know it, I had learned some very, VERY interesting details that are pertinent and urgent for our time period RIGHT NOW - 2017! Pastor Bob has spent 10 years or more researching this information, and has the evidence to support the data on what he has termed the "Three-Fold Witness". In the past few months, he has compiled his research into an abridged version of these findings, which he has titled: "Season of the Rapture". The project was completed in late 2016.

I think you will find it intriguing and exciting. When you read it, you will discover as I did, that there is indeed a "Three-Fold Witness". You will learn how amazing our heavenly Father really and truly is as you explore the fascinating world of mathematics embedded within the Witness in Stone. You will learn that it points to something most have not recognized in times past. Further, understanding that the silent testimony of the "Mazzaroth" is actually a story of redemption that has been masked for centuries behind a clever lie. Trust me, as you read the secrets hidden within this "Three-Fold Witness", you will find yourself captivated. The data offers convincing evidence to support the powerful conclusion for this year - 2017 and the Feast of Trumpets or Rosh Hashanah (September 20-22, 2017) which is due to occur just hours before the Revelation 12 sign appears in the night sky on September 23, 2017. Reading is quick and easy, but you will find yourself pondering for quite some time afterwards. I want to stress again that the imminence of this message is for right now. We are nearing a crucial juncture in time as we conclude the year 5777 on the Biblical calendar.

If you don't have a bible, you can look the scriptures up online and select the version you want to read.

Maranatha!
Rose Hoppe

“The Season of the Rapture”

Chapter 1

This study is the result of something that set off a chain reaction in my brain during December of 2015. Within a period of two weeks in early December, there were two separate news reports suggesting that Christmas, 2015 might be the last Christmas for humanity. The first was made by Pope Francis about the time he declared 2015/2016 a year of Jubilee in the Roman Catholic Church. It was not ten days later, in an address to her subjects, the Queen of England made a strange but most suggestive statement that this might be their last Christmas. What were they inferring to the global public? Well aware that the Illuminati are known for broadcasting coded or cryptic messages of their evil plans, far in advance, like the attacks of 9/11. I began wondering why these two world figures would say something to suggest this might be humanity’s last Christmas!

I can name at least eight movies like *‘Back to the Future’* that have the mystical number ‘911’ embedded within those films, not to mention many cartoons, such as *‘The Simpsons’* and *‘Johnny Bravo’* that prominently projected the number ‘911’, hidden in plain sight to their audiences. Call it what you want, coincidence or conspiracy, but it is interesting nonetheless as well as being suspect. First, this is especially so because ‘911’ is the astronomical date determined to be the physical birthdate of Jesus of Nazareth at Bethlehem. The date September 11, 3 B.C. is based upon the book *‘The Star That Astonished the World’* by the late Dr. Ernest Martin. Second, this date would have been the Hebrew date for the Feast of Trumpets in 3 B.C. We know from the science of Astronomy that specific celestial events were prophesied to take place on September 11, 3 B.C. Did I detect a token of Luciferian treachery at work? Perhaps, and I do believe we experienced a spiritual epiphany, the mocking of the Lord’s birthday. Highly possible! Ephesians 6:12 would indicate such: ***“For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places”.***

What do the following have to do with the Rapture or the Second Coming of the Lord Christ Jesus?

More than you may think!

The Great Pyramid / Sphinx of Giza

Isaiah 19:19-20/Biblical “Gematria”

The “Mazzaroth” of Job 38:32

The Celestial Precession Cycle

Biblical Astronomy

The Biblical Year of Jubilee

The Covenant of “Seven”

Proverbs 25:2/Revelation 12:1-12

Daniel 9:24-27/Luke 13:6-9

The Parable of the Wedding Invitation of Luke 14:15-24

The collective evidence of all of the above pieces of this astonishing 'Divine Puzzle' yields the **"Season of His Return"**. This has all the earmarks of a mystery but let me suggest to you it is so much more. As this study will suggest, we know the month and year with mathematical precision; and with that information it really isn't too important that we know the day or the hour! I will give you a hint at the outset – we are talking about a single event that only happened once before in 6,000 years and is about to repeat in a few months!

Despite what you know or believe, **the Rapture will be "Pre-Tribulational"**. It will take place before the "Seventieth Week" of Daniel 9:24-27 and I do address evidence that is new to those interested in the Rapture event. This study reveals that the Creator of the Universe, none other than Jesus Christ Himself, has given humanity an incredible Biblical picture inscribed in such an astonishing way as to leave us breathless.

God has given man the Gospel Message of the Master Plan for Redemption in **"three"** different methods or form! That will stun many but it is a fact, and I will connect the dots for you to grasp and affirm His prophetic methods. The "three" methods by which God has revealed His Master Plan for Redemption are tightly interconnected as this study will reveal:

1. The **Gospel in Stone** – the Great Pyramid -(Isaiah 19:19-20; Jeremiah 32:20).
2. The **Gospel in the Stars** – the **"Mazzaroth"** or Zodiac -(Job 38:31-33).
3. The **Written Word of the Bible** – (we will look at numerous passages).

The timing of this becomes extremely significant given that the world as we know it is imploding. I read all the major financial experts, I listen to Greg Hunter, Jim Willie, Bill Holter, Dave of X22 Report, Katherine Austin Fitts, and many others that are recognized as financial experts in their own right. This study does not ignore the fraudulent efforts of the evil global international banksters who are planning to bring in their cashless society. The ground work for a cashless system is being laid through a coming global depression. Nevertheless, the Creator has other plans for the followers of Jesus Christ and will thwart it and bring this to one stunning climactic event. The late evangelist Hilton Sutton often said, *"As the bombs are descending the saints would be ascending"*. Given the war clouds growing and spreading over the horizon, these events have been referred to as *"the perfect storm"*. Every facet of our world today is facing *"the perfect storm"*. That said, what I share in this series provides us with a solid basis for **"HOPE"**. We have the **"blessed hope"** of Titus 2:13 before us!

The **"Three-Fold" witness** noted above is supported by the Apostle Paul's words: ***"This is the third time I am coming to you. In the mouth of two or three witnesses shall every word be established."*** -(2nd Corinthians 13:1). The number "three" in the Bible is considered a sacred number for Divinity or the Godhead.

Integrated within an amazing puzzle, all three revelations of the Creator complement each other seamlessly in a theme concept. Most Christians are taught to shun astrology and shy away from anything having to do with the Zodiac or horoscopes. Astronomy is the science of God and Astrology is the message of the counterfeiter Lucifer. The ancient astral concepts

are viewed with contempt and disdain by most Christians, but the truth is, the Zodiac (the Hebrew word is **"Mazzaroth"**), is much older than the arcane occult astrology. Lucifer has not only attacked the Bible, the Written Word of God, but he has perverted and corrupted the message and the meaning hidden in the Great Pyramid as well as the **"Mazzaroth"**. I see this **"Three-Fold" witness** as one of the Bible's "diamonds and nuggets" seeded throughout Scripture, by which the Creator was speaking of when Proverbs 25:2 was penned: **"It is the glory of God to conceal a thing: but the honor of kings is to search out a matter."** You see, God has given you a challenge to discover the many "diamonds and nuggets" that are in our King James Bible. He has certainly made it very interesting as this study shows.

We know explicitly from Isaiah 14:14 that Lucifer asserted his claim to unseat the Creator, even to the point of having his name changed in verse 12 from that of **"Lucifer"** in the KJV Bible to **"morning star"** in our modern translations. We learn from Revelation 2:28 and 22:16, the phrase **"morning star"** is the name attributed to the Lord Christ Jesus. The **"Fallen One"** has defiantly boasted that his agenda is to advance evil perversion and corruption. In no other area is this more evident than in the study of the "Great Pyramid/Sphinx" complex in Giza, Egypt. For brevity sakes, I will do a cursive overview covering those areas involving the volumes of material proving that "Lucifer" has corrupted the Divine Message. Lucifer's agenda is stated in chapter 14 of Isaiah. He claims his five **"I will's"** –

From the beginning of December, 2015 through May of 2016, this study was compiled largely from my bed while laid up with serious leg problems. During that time, I was only able to be on my feet for brief periods to enjoy a meal and use my computer. This study begins at the Great Pyramid in Giza, Egypt. There are two prominent Bible passages that point us to the Great Pyramid of Egypt:

- Isaiah 19:19-20: ***“In that Day there will be an altar to the Lord in the midst of the land of Egypt, and a pillar to the Lord at its border. And it will be for a sign and for a witness to the Lord of hosts in the land of Egypt, for they will cry out to the Lord because of the oppressors, and He will send them a Savior and a Mighty One and He will deliver them.”*** Note the underscored words above “a sign” and “a witness”.
- Jeremiah 32:20: ***“Which has set signs and wonders in the land of Egypt, even unto this day...”***

The phrase ***“in the midst of the land of Egypt, and a pillar to the Lord at its border”***, is in some ways a riddle, but it really means much more. “Giza” means “border”, and it is at the border of Upper and Lower Egypt. Therefore, it is also in the middle of Egypt. The Great Pyramid, which is the last remaining wonder of the ancient world, is located at Giza. The nature of the structure and its adjoining complex makes it the only real candidate fitting the prophecy found in Isaiah 19:19-20 and Jeremiah 32:20. The Hebrew text is more revealing in that it refers to the Hebrew people returning from exile again to possess their Promised Land of Canaan.

God allows no one the **“Glory of His Name and Power”**. In the case of the Great Pyramid, God has hidden the confirming proof that God is responsible for the Great Pyramid. Its identity is hidden in the very “Gematria” of the passage of Isaiah 19:19-20. That word “Gematria” may be new for many but it is highly significant here in the case of linking the Isaiah passage 19:19-20 to the Great Pyramid. There is more evidence which I will explain shortly.

A bit of explanation is necessary here. In Hebrew and Greek there are no characters for mathematical or numerical value like we have in our Roman number system. This is unique to the Biblical languages alone. Each letter in Greek and Hebrew has an assigned numerical value, i.e., **“aleph = 1, beit = 2, dalet = 3, gimmel = 4, hey = 5, etc.→..... tav = 22”**, etc. The Bible also has a “Heptadic Design Feature” (based upon an integral structural pattern of **“7s”**), which serves to authenticate its True Author, just like a computer program’s source-code validates its accuracy. Another example of the Divine Authorship of the KJV Bible is found in the Hebrew text, known as the **“Aleph-Tav”**. It is the Hebrew middle word of Genesis 1:1.

In Hebrew, it looks like this **תא**, only in a reversed-letter position. Scholars and

בראשית	ברא	אלהים	את	השמים	ואת	הארץ
In the beginning	created	God	(untranslated)	the heaven	and	the earth
913	203	86	401	395	407	296

theologians have historically referred to it simply as the “untranslated” word; however, its meaning is now known. This two-letter word is found exactly **7,339X** times in the Bible and has a meaning which has eluded the academic community until recent time. Not knowing how to translate it, the translators simply assigned it, errantly so, the word for the “definite article” - “the”. Additionally, the Bible has a mathematical source code (DNA if you will) that lies submerged beneath the surface Hebrew or Greek text. If you were to check ‘Strong’s’ or ‘Young’s’ Bible Concordances, they note fewer than a dozen occurrences of **אָת**. Later in this study I will share more about this obscured but significant two-letter Hebrew word.

The previous page illustration shows three lines of text: The top row is the Hebrew text of Genesis 1:1; the middle row is the English translation of Genesis 1:1; and the bottom row is the “Gematria” numerical value of the letters that make up the individual words. The “Gematria” total numerical value of Genesis 1:1 = 2701. Understanding the general principle of how this works will help later in this study as we see how God encoded the name or phrase “Lord Jesus Christ” and so much more in the KJV Bible. Nothing within the Bible is without a purpose or a meaning!

I am the sole surviving member of the team of programmers that computerized the King James Bible for the very first time in modern history. This was accomplished back in 1963/64 at the University of Pittsburgh’s computing center through a grant of one-half-million dollars from the Rockefeller Foundation. Much of what we discovered back then remained a mystery until the past three decades. We can say with absolute certainty and confidence that the KJV Bible is **98.2%** mathematically true or accurate and reliable. The remaining **1.8%** does not alter or change the meaning of the English translation. You would be astonished by what is contained in the source code of the KJV Bible. Most of that is still unknown to the Bible-reading general public, and I have been covering or included it in my Bible/Biblical Forensics[®] series for the past ten years. Make no mistake about the truthfulness of the KJV Bible, as God has left His signature all over it by at least a half dozen ways, if not more. The four or five examples of what I just shared are mathematically provable ways to authenticate that the KJV Bible manuscripts come from a Creator outside of our space-time continuum, and virtually refute the idea the books of the Bible are somehow exclusive to human intelligence. They are not! These facts were established, years ago.

I was led spiritually to an incredible prophesy found in the Old Testament. I first learned of this prophecy found in an old book written in the early 1970’s by archeologist and historian E. Raymond Capt, ‘*The Great Pyramid Decoded*’, now in its 23rd printing. I began my interests in the Great Pyramid back in 1997, and have been studying the Great Pyramid ever since. Some general information about the Great Pyramid includes:

24 facts about the Great Pyramid of Giza:

The Great Pyramid is a true masterpiece and has rightly earned the title of a “Wonder”. It was built with such precision that our current technology cannot replicate it. Historical

analysis shows that the Pyramids were built between 2589 B.C. and 2504 B.C. There are so many interesting facts about this Pyramid that it baffles archeologists, scientists, astronomers, and tourists. Here are some of incredible facts:

1. The pyramid is estimated to have around 2,300,000 stone blocks that weigh from 2 to 10 tons each and there are even some blocks that weigh over 50 to 70 tons.
2. The Pyramid of Menkaure, the Pyramid of Khafre and the Great Pyramid of Khufu are precisely aligned with the Constellation of Orion.
3. The base of the pyramid covers 55,000 m² (592,000 ft²) with each side greater than 20,000 m² (218,000 ft²) in area.
4. The interior temperature is constant and equals the average temperature of the earth, 20 Degrees Celsius (68 Degrees Fahrenheit). (Decades ago the Eastman-Kodak company established 68-degrees as the ideal or perfect temperature for developing and processing film negatives and photographic paper).
5. The outer mantle was composed of 144,000 casing stones, all of them highly polished and flat to an accuracy of 1/100th of an inch, about 100 inches thick and weighing approximately 15 tons each.
6. The cornerstone foundation of the pyramid have ball and socket construction capable of dealing with heat expansion and earthquakes.
7. The mortar used is of an unknown origin (Yes, no explanation was given). It has been analyzed, and its chemical composition is known, but it can't be reproduced. It is stronger than the stone and still holding up today.
8. It was originally covered with casing stones (made of highly polished limestone). These casing stones reflected the sun's light and made the pyramid shine like a jewel. They are no longer present being used by Arabs to build mosques after an earthquake in the 14th century loosened many of them. It has been calculated that the original pyramid with its casing stones would act like gigantic mirrors and reflect light so powerful that it would be visible from the moon as a shining star on earth. Appropriately, the ancient Egyptians called the Great Pyramid "Ikhnet", meaning the "Glorious Light". How these blocks were transported and assembled into the pyramid is still a mystery. – <http://www.gizapyramid.com/general.htm>
9. Aligned True North: The Great Pyramid is the most accurately aligned structure in existence and faces true north with only 3/60th of a degree of error. The position of the North Pole moves over time and the pyramid was exactly aligned at one time to the pole star.

10. Center of Land Mass: The Great Pyramid is located at the center of the land mass of the earth. The east/west parallel that crosses the most land and the north/south meridian that crosses the most land intersect in two places on the earth, one in the ocean and the other at the Great Pyramid.
11. The four faces or sides of the pyramid are slightly concave, the only pyramid to have been built this way. This concaved variance actually corresponds to the Earth's curvature in degrees.
12. The centers of the four sides are indented with an extraordinary degree of precision forming the only 8-sided pyramid; this effect is not visible from the ground or from a distance but only from the air, and then only under the proper lighting conditions. This phenomenon is only detectable from the air at dawn and sunset on the spring and autumn equinoxes, when the sun casts shadows on the pyramid.
13. The granite coffer in the "King's Chamber" is too big to fit through the passages and so it must have been put in place during construction.
14. The coffer was made out of a single block of solid granite. This would have required bronze saws 8-9 ft. long set with teeth of sapphires. Hollowing out of the interior would require tubular drills of the same material applied with a tremendous vertical force.
15. Microscopic analysis of the coffer reveals that it was made with a fixed point drill that used hard jewel bits and a drilling force of 2-tons.
16. The Great Pyramid had a swivel door entrance at one time. Swivel doors were found in only two other pyramids: Khufu's father and grandfather, Sneferu and Huni, respectively.
17. It is reported that when the pyramid was first broken into, the swivel door (weighing some 20 tons), was so well balanced that it could be opened by pushing out from the inside with only minimal force, but when closed, was so perfect a fit that it could scarcely be detected and there was not enough crack or crevice around the edges to gain a grasp from the outside.
18. With the mantle in place, the Great Pyramid could be seen from the mountains in Israel and probably the moon as well.
19. The weight of the pyramid is estimated at 5,955,000 tons. Multiplied by 10^8 gives a reasonable estimate of the earth's mass.
20. The Descending Passage pointed to the Pole star Alpha Draconis, circa 2170-2144 B.C. This was the North Star at that point in time. No other star has aligned with the passage since then.

21. The southern shaft in the King's Chamber pointed to the star Al Nitak (Zeta Orion) is in the constellation Orion, circa 2450 B.C. The Orion constellation was associated with the Egyptian god Osiris. No other star aligned with this shaft during that time in history.
22. Sun's Radius: Twice the perimeter of the bottom of the granite coffer times 10^8 is the sun's mean radius. [270.45378502 Pyramid Inches* 10^8 = 427,316 miles].
23. The curvature designed into the faces of the pyramid (referred to in points 11 & 12 above) exactly matches the radius of the earth.
24. Khufu's pyramid, known as the great pyramid of Giza, is the oldest and largest, rising at 481 feet (146 meters). Archeologists say it was the tallest structure in the world for about 3,800 years.

These facts and data points are only a small number of facts about what we know today concerning the Great Pyramid. There are hundreds of measurements that have been determined over the past two-hundred years. The Great Pyramid has been measured and re-measured repeatedly, and, as late as 2016, it was discovered that one side is 6-inches longer; and, I might add is suspect for several reasons, not essential in my study here.

The above photograph of the camel and rider conveys the immense nature of the Great Pyramid complex without any camera loss of depth of field image.

On the page 14 is a chart of the "Gematria" of the Hebrew words and numerical value of the 30 words that make up the passage of Isaiah 19:19-20. "Gematria" is not numerology in its

basic Biblical pattern meaning. “Gematria” in Judaism has been perverted by the occult Kabballah practiced by the satanic abusers of God. Hebrew and Greek both use “Gematria” as an authenticating system of the Creator God. Ephesians 6:12 affirms this reality of men who prefer to serve Lucifer in corrupting the Word of God. ***“For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.”*** -(Hebrews 6:12).

No doubt, there are critics of the study of “Gematria” (some quite justified) because of their exposure to the occult and the variety of variations out there for “Gematria” and the attempts to divine meanings like fortune telling through the use of a deck of playing cards. In using my “mathematical” Bible, we know that the combined Old and New Testament text is divisible by “Seven. ‘Computers for Christ’, a Christian group at Stanford University in California, present 28 major categories in the Bible that are divisible by **“Seven”**. This is commonly referred to as the “Heptadic Design Feature”!

I have included some half-dozen examples of this unique “Heptadic Design Feature” signature feature in my linked archive referenced at the end of Chapter 9. That linked archived site holds over 300 articles that I have written on Bible topics. I would suggest to the reader that the “Heptadic Design Feature” is Kosher! I refer to this system as example of God’s **“Covenantal Number”** System, all structured around the number **“Seven”**.

How God begins to unveil this mystery and brings the glory and focus upon Himself is where it really gets interesting. It reveals how much God loves His Creation, you and I, and how He plans to thwart Lucifer’s attempt to steal, kill, and destroy, not to mention interfering with God’s Master Plan for Redemption of humanity. The following data is of absolute importance in making the connection within the Great Pyramid. Since first encoded into the Hebrew text of Isaiah 19:19-20, this information has been hidden from the English-speaking world. You might be inclined to see this as simply coincidence, but there really is no Hebrew word for coincidence! Those who discovered this fact or were aware of it were dismissed as cultists two centuries ago.

The numerical value of the thirty (30) Hebrew words that make up Isaiah 19:19-20 equals “5449”. This number **“5449”** is the height of the Great Pyramid in Pyramid Inches, to the apex of the unfinished Pyramid. A Pyramid Inch is 1.0011, which is the equivalent to our English inch. The Great Pyramid was left unfinished or uncapped by the Creator for reasons of His own, and for which we may soon learn. The Great Pyramid has a slope of 51.85-degrees on all four corner sides. The Great Pyramid of Giza is the most measured structure in the world and contains hundreds of Biblically-significant mathematical properties. The illustration on the next page provides you with an idea of the sophisticated intricacy and how the detailed measurements speak from silence, and they have been repeatedly verified to be accurate. The few measurements in the drawing are but a fraction amount of what all has been verified.

The Great Pyramid Text of Scripture

— Isaiah 19: 19-20 —

ביום ההוא יהיה מזבח ליהוה בתוך ארץ מצרים ומצבה
 אצל-גבולה ליהוה: והיה לאות ולעד ליהוה צבאות
 בארץ מצרים כי-יצעקו אל-יהוה מפני לחצים וישלח
 להם מושיע ורב והצילם:

This Great Pyramid Text of Scripture, in the original Hebrew, contains 30 words. In Hebrew the letters of the alphabet were employed as arithmetical figures, consequently every word is also a row of figures and thus all Hebrew writing has numeric value. The above Hebrew Text as numbers is as shown below—the value of every letter is given and each line represents a word. **The total value is 5,449.**

(1)	2	+	10	+	6	+	40	=	58		
(2)	5	+	5	+	6	+	1	=	17		
(3)	10	+	5	+	10	+	5	=	30

Height of the Great Pyramid in Pyramid inches = 5,449

[25,59]

(to the original Summit Platform)

After the commercial break, the late Paul Harvey exclaimed to his news audience, “*Now for the rest of the story!*” If you extend the angle of ascent, or slope of the four sides of the Great Pyramid, to a common point of convergence, it brings us to a height of “**5776**” Pyramid inches. This number is what is obtained in height when the hypothetical missing capstone is added. Interestingly, it was back in 1998 when President George H.W. Bush and other world Freemasons announced their plan to cap the Great Pyramid. But then, mysteriously, their plans were brought to an abrupt halt.

So what does this all mean for you and me? This will give you chills! The year **2016** on the Hebrew/Jewish calendar marks the year “**5776**” since Creation! The Jewish reckoning of time is definitely more detailed than that of the non-Jewish world. Furthermore, the Roman numerals found on the back of the United States ‘One Dollar Bill’ reads: “**1776**”. Freemasons count 4,000 years having preceded the Common Era. Adding 4000 to 1776 = “**5776**” by Masonic reckoning. The late David Flynn who authored the book ‘*Temple at the Center of Time: Newton’s Bible Codes Finally Deciphered and the Year 2012*’ broke the “code’s” meaning of the esoteric language sought after by the Freemasons and other secret societies. David went home prematurely to be with the Lord on January 22, 2012; however, not without leaving behind a treasure trove collection of his writings and number of his books dealing with Sacred Geometry.

The United States ‘One Dollar Bill’ contains many esoteric symbols from Freemasonic and Egyptian Mystery Religions brought over from the arcane or dark side of Lucifer’s human system. I discuss these and other interesting aspects of the war being waged for your mind and worship below and in the following segments of this incredible mystery. The “Three-Fold witness” has all the elements of a mystery. As a young boy, my family passed the time by solving table-size picture puzzles. When I was 11 years old, I moved up from working 500-piece to the 1,000-piece puzzles. I believe my practice and experience doing picture puzzles probably contributed to my efforts in this study on the “Season of the Rapture”.

I included this passage on the next page with a picture of a United States Air Force B-1 bomber flying above the Great Pyramid complex so the reader could dwell upon the spiritual meaning and connection to the physical object found in the Isaiah 19:19-20 passage from the King James Version of the Bible. Have you ever read it and thought to yourself, what does this specific verse mean or perhaps thought about its connection to the Great Pyramid of Giza, Egypt? After sharing my research with others, I found it most interesting that none of those I discussed this with ever noted this fact or sought for an answer as to its meaning.

Few Christians have bothered to read and understand the meaning of the prophecies of Isaiah 19:19-20 and Jeremiah 32:20. I offered my work to a number of the Bible prophecy ministries on radio and television but their silence was deafening. I have more than enough material to write a 400-page book. This prophecy is far too important to ignore or dismiss its value. The message is critical and urgent for today’s world. This axiom bears repeating: “The Old Testament contains the New Testament concealed, and the New Testament is in the Old Testament revealed”. Furthermore, Hebrew is a living 3-D language. I will discuss more

pertaining to that later. Pastors today are not trained in Hebrew or Greek in seminary, and thus are not familiar with the nuances of the ancient Biblical texts.

The picture below captures the image of a U.S. Air Force B-1 bomber flying over the Great Pyramid complex just above the uncapped Pyramid beneath.

“In that day shall there be an altar to the LORD in the midst of the land of Egypt, and a pillar at the border thereof to the LORD.

And it shall be for a sign and for a witness unto the LORD of hosts in the land of Egypt: for they shall cry unto the LORD because of the oppressors, and he shall send them a saviour, and a great one, and he shall deliver them”.

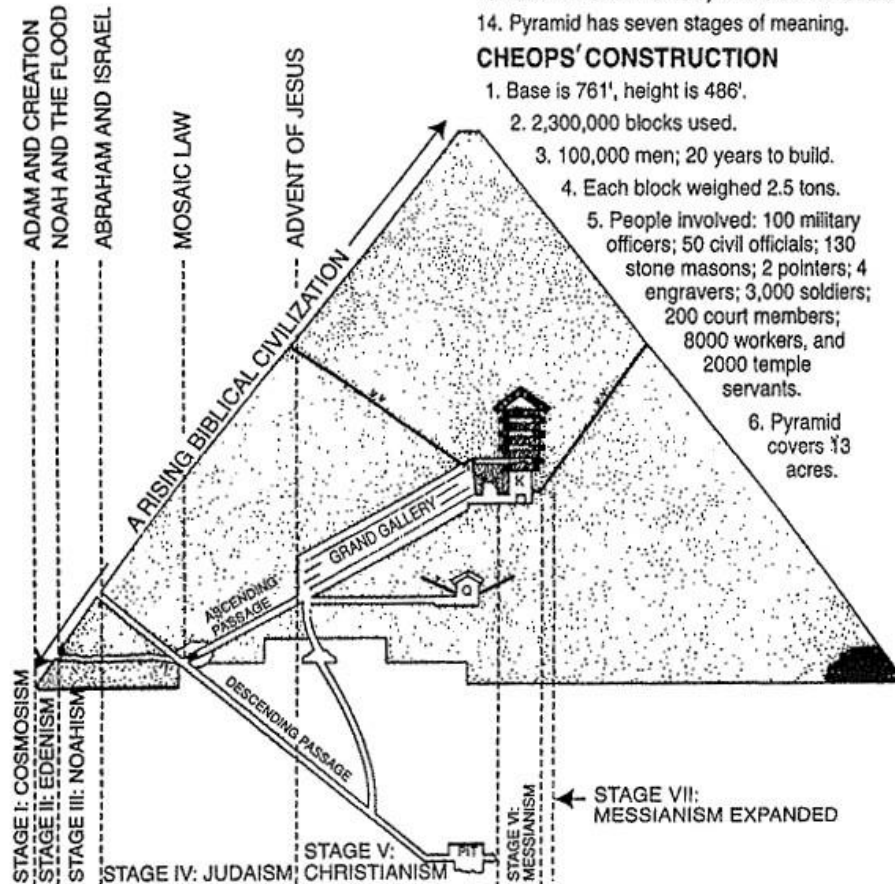

RELIGIOUS FEATURES

1. Pyramid corroborates the Bible & God's Plan.
2. Pyramid called 'the Bible in Stone'.
3. Pyramid constructed before Genesis written.
4. Pyramid top stone represents Christ.
5. Pyramid geometry represents Church of Christ.
6. Pyramid has chronology of human history.
7. Pyramid air passages symbolizes life for all.
8. Grand Gallery symbolizes "narrow way".
9. Descending passage is downhill - broad way to destruction.
10. Ascending passage is hope for life to those who would keep the Law.
11. Bottomless pit symbolizes no way of escape - second death.
12. Kings Chamber is symbolic of Divine Life.
13. Queen's Chamber is symbolic of Human Life.
14. Pyramid has seven stages of meaning.

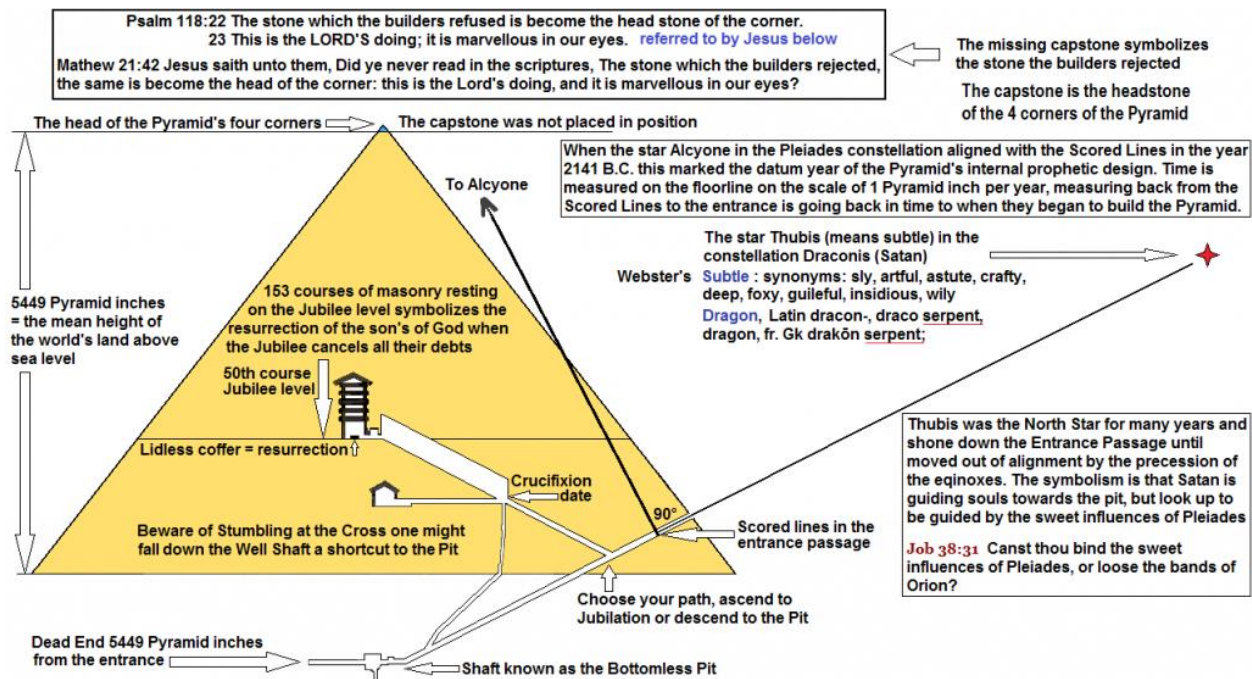

CHEOPS' CONSTRUCTION

1. Base is 761', height is 486'.
2. 2,300,000 blocks used.
3. 100,000 men; 20 years to build.
4. Each block weighed 2.5 tons.
5. People involved: 100 military officers; 50 civil officials; 130 stone masons; 2 pointers; 4 engravers; 3,000 soldiers; 200 court members; 8000 workers, and 2000 temple servants.
6. Pyramid covers 13 acres.

SCIENTIFIC FEATURES

1. Pyramid is the logical zero meridian.
2. Pyramid faces and aligns perfectly with North, South, East and West.
3. Pyramid pinnacle at noon points to the sun.
4. Pyramid extension of descending passage outward points exactly to true north.
5. Pyramid height doubled divided by distance around the base = π (3.14159)
6. Pyramid measure of total length around the base in pyramid inches equal number of days in a century.
7. For every ten feet of horizontal distance, there is 9 feet of progress toward the top. This suggest 10^9 . Multiply this by the height of the pyramid and the answer is 91,840,000. This is the distance of the earth to the sun.
8. If the land mass of the earth is laid out, the pyramid site in Egypt is located at the exact location centroid center where the land mass is equally distributed around this center.
9. The pyramid inch is 1/1000 of an inch longer than the English inch. 500,000,000 pyramid inches would equal the axis of the earth.
10. The length of the pyramid's base side is 761 feet. In pyramid's measure it is 365.242 cubits. This is precisely the number of days in a solar year.

The vast majority of pastors today are not even required to take Greek in seminary. The few seminaries that do require their students to take Greek, Hebrew is an elective, and not required for graduation. This is a sad commentary on the primary document of the Christian faith. Most of what I am sharing in this study is new and ground-breaking content. In twenty-two years studying and working with the Biblical languages, I have been shocked by the number of discrepancies and mistranslated passages that I have uncovered in our modern translations.

To repeat my point, the thirty (30) words of Isaiah 19:19-20, holds a numerical value of "5449", which so happens to be precisely the height of the Great Pyramid in Pyramid inches, "5449" as it stands today. Is that coincidence or not? I think not! I have noted that in Hebrew, there is no such word as "coincidence". Before continuing I would remind you that God does not share His glory with man. The world of Egyptology originated with Christian believers and is filled with stories of how the Giza Pyramid complex was built and its reasons as well. The myths associated with the Pyramids are many; from being a burial chamber for a Pharaoh King to being an energy plant producing electricity, and built by aliens; but don't expect the Egyptian antiquities authorities to tell the public it was a monument to the Creator God of heaven.

Isaiah 42:8 states: ***"I am the LORD: that is My name: and My glory will I not give to another, neither My praise to graven images."*** If that is not sufficient enough to make the point for you, then consider Isaiah 48:11: ***"For mine own sake, even for Mine own sake, will I do it: for how should My name be polluted? And I will not give My glory unto another"***. I note these two passages particularly as recognition that what I have unearthed represents nearly 5,000 hours of research over fifteen years. It has existed since the Infinite Creator God

decided to create for His pleasure the world we know. This is simply astonishing. I have explored the depths and practiced the directive of Proverbs 25:2 over these many years.

Are you ready for more wonders associated with the Great Pyramid? I have barely scratched the surface. We will come back to the importance of another aspect within the witness that lies in the Middle of Egypt! The Great Pyramid in Egypt is a mathematical repository of evidence that speaks to the Entity that spoke the universe into existence. The public has been deceived for centuries as to its true purpose and its builder. When it was broken into in the 9th century, there were no Egyptian mummies, no remains of human pharaohs found, not so much as a single name in hieroglyphics. None, absolutely zero, nada, nix, zilch!

The following recap sums up important points to know and understand about one of God's Great Wonders:

- The Great Pyramid in Giza, Egypt is a chronological clock of humanity.
- Its measurement scale is 1 Pyramid Inch = 1 year of Biblical history.
- The Great Pyramid's physical height is actually encoded in the Hebrew text of **Isaiah 19:19-20** through the use of Hebrew "Gematria".
- The Hebrew Old Testament and the Greek New Testament letters serve a dual purpose for numerical value (accounting purposes) as well as being made into words. The term described for this system is known as "Gematria", and only Hebrew and Greek use such a dual meaning for letters as numbers. No other language has such a system.
- The height of the Great Pyramid from its base to the unfinished apex is **"5449" Pyramid Inches**. This is the exact numerical value of the "Gematria" (numerical value) of Isaiah 19:19-20 – **"5449"**.
- By extending the slope of the Great Pyramid's 4-sides, the point of convergence or where they intersect works out to **"5776" Pyramid Inches**.
- This number **"5776"** is equivalent to the year **"2016"**.
- **"5776" ("2016")** is the latest Jewish year since Creation. We are now in the Hebrew year **"5777" ("2017")**. The Hebrew New Year begins in the previous September or October of the Roman calendar.
- **"5776"** is also recognized by the occult satanic Freemasonry. Roman numerals are encoded on the back of the U.S. "One Dollar Bill". **"MDCCLXXVI"** (which means **"1776"**) appears on the bottom of the truncated pyramid. Masonry counts 4,000 years preceding the Common Era. $4,000 + 1776 = \mathbf{5776}$. The "One Dollar Bill" is loaded with Freemasonry and occult Symbolism, as does the street pattern of Washington, D.C. All

of this is obscured or unknown to the citizenry of the USA. I might add the design for the “One Dollar Bill” was overseen by Charles Thomson, Secretary of the Congress.

We cannot document specific links between Charles Thomson and Freemasonry with the design of the “One Dollar Bill”. It is a known fact that Benjamin Franklin was the leading Freemason in the early Continental Congress, as was George Washington. That fact notwithstanding, “The first inauguration . . . one in which the principal, a Freemason, took an oath administered by a Grand Master of Masons, upon the Bible of a Masonic Lodge, and witnessed by other Masonic and public dignitaries. We are all proud of Washington as our first President; we can be equally proud of him as a Freemason!” This is a direct quote from the Masonic Grand Master Kenneth R. Force, former music director at the U.S. Merchant Marine Academy at Kings Point, NY.

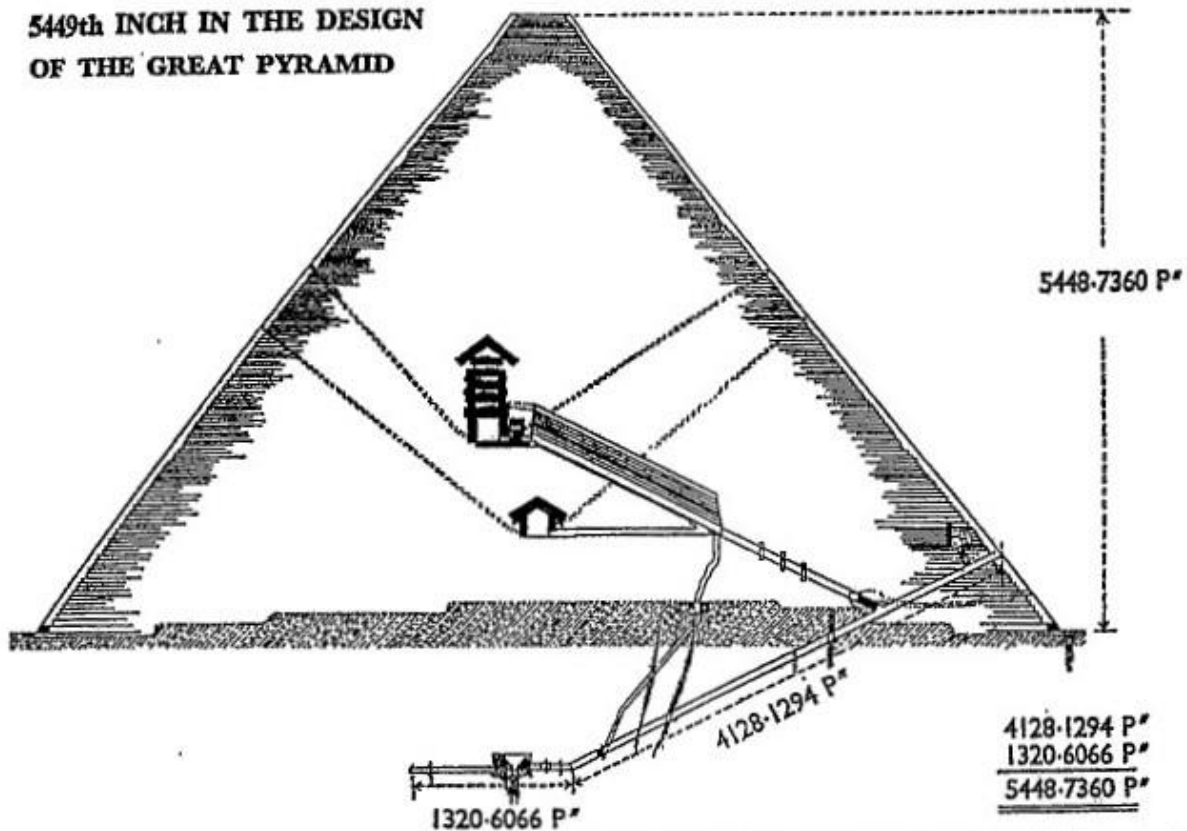

My referencing Freemasonry here is not without reason or significance because of their Luciferian beliefs. Their official handbook is called ‘*Morals and Dogma*’ and it contains the Rites and Rituals of Freemasonry. **It explicitly states in the 19th Degree of the Masonic Lodge, that they worship Lucifer**, and not Adonai or Jesus Christ. So their very own Masonic handbook or ‘bible’ affirms this fact, and despite the fact they refer to God as the Grand Architect of the Universe, **Freemasonry is a religion, and they worship Lucifer**. Since anyone, including Christians, Jews, or Muslims can be brothers of the Lodge, a Christian is not permitted to mention the name, or pray in the name of Jesus Christ inside the Lodge premises. Everything about Freemasonry is a system of dualism – light vs. darkness, black vs. white, etc. Everything about the Masonic Lodge is framed within a language system of dualism, with both esoteric (secret) and exoteric (open) meaning, not to mention deception inflicted upon its base membership ranks, which join mainly for the so-called “benefits” that come with being a Lodge brother.

President George Washington was a known Freemason, as was 25 of his 27 Continental Army generals were Masons; and Washington converted to Roman Catholicism on his death bed. This obscure fact was made known by the Jesuit priest Fr. Leonard Neale who visited George Washington daily, and later confirmed by the testimony of President Washington’s personal slaves tending to his needs and were present at his passing. This fact is largely unknown and even denied by many Masonic officials.

Before the adjournment of the Continental Congress on July 4th, 1776, a committee was appointed to develop a seal for the United States. The committee consisted of Benjamin Franklin (a Freemason), John Adams, and Thomas Jefferson, three of the five men who had drafted the Declaration of Independence. They were merely the first committee, however. It took six years, the work of two additional committees and a total of 14 men before a final version of the Great Seal became formally approved. Charles Thomson oversaw the process that led to the adoption of the “One Dollar Bill” design. It has undergone a number of revisions over the many years, and the present design of the “One Dollar Bill” in your pocket was put into circulation in 1957.^h

e final proposal, which was accepted by Congress, was sub

**5449th INCH IN THE DESIGN
OF THE GREAT PYRAMID**

mitted on June 13, 1782 by Charles

Note closely that in the above cutaway drawing, the measured height from the base to the apex of the unfinished pyramid is a mere fraction short of **5449** Pyramid Inches. Now turn back to the "Gematria" chart of Isaiah 19:19-20 on page 10 and compare the "Gematria" numerical value for the 30 Hebrew words combined are "**5449**". You will discover they both are "**5449**". Is that not amazing? The odds of all these factors not being connected has to be astronomical. I'm not even sure that we could calculate and determine the parameters required to establish a statistical probability of all this related evidence! I am the first to acknowledge that this specific fact should not be proof positive the Great Pyramid is the work of the Creator, but there is more!

The measurements from the outside entrance extending down to the pit area where the walkway dead-ends was found to be of the exact same measurement for the two sections of the walkway combined in the artist's addition above and to the right of the base of the pyramid above. We are seeing the mystery of a religious conspiracy emanating from the Luciferian corruption of the meaning and purpose of the Great Pyramid/Sphinx complex linked to major symbols of the United States itself.

The English translated text of Isaiah 19:19-20 [on page 16 with the U.S. Air Force B-1 bomber] of our King James Bible is from the Creator Himself! The sum "Gematria" or

numerical value **"5449"** of the 30 Hebrew words confirms the Great Pyramid's height is exactly as the measured **"5449"** Pyramid Inches. Even the four specifics of the text address the Divine purpose of its existence.

There are many more "dots to connect" in this most profound and astonishing "Three-Fold" Witness to reveal the **"Season of the Rapture"**. I trust that it will enrich your faith, confidence, and trust in the God who loves us. He is about to call us to come up hither shortly. This information will help erase any doubt that you might have wavered or even had a tinge of doubt. He is our Blessed Hope!
